Q call numbers found on 3<sup>rd</sup> floor

H – Z : 3<sup>rd</sup>

A – G : 4<sup>th</sup>

“Main Stacks”: Shelves on 3<sup>rd</sup> and 4<sup>th</sup> floors

There are 12 copies and 2 are checked out. We normally have one copy of most books.

Another copy is at Lewis-Clark State College.

# What does the call number mean?

Q = Science

QL = Zoology

QL700-  
739.8 =  
Mammals

QL

737

C22 means the book is about  
"Canidae," the scientific family  
that includes wolves.

C22

S = 1<sup>st</sup> letter of author's  
last name (Smith)

S63, or rather .63 puts  
the author's last name in  
sequence with other  
authors whose last name  
begins with S

S63

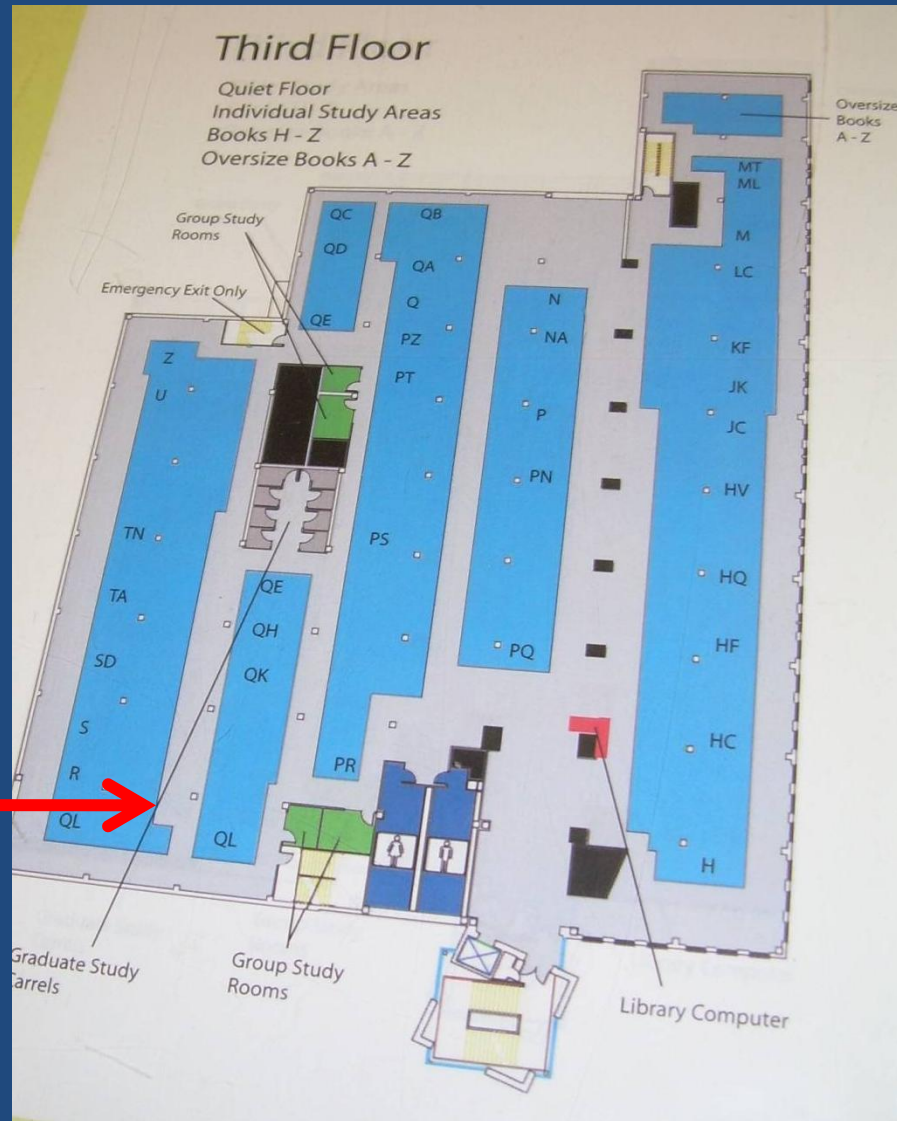

2005 = year  
of publication

2005

Go to the 3<sup>rd</sup> floor

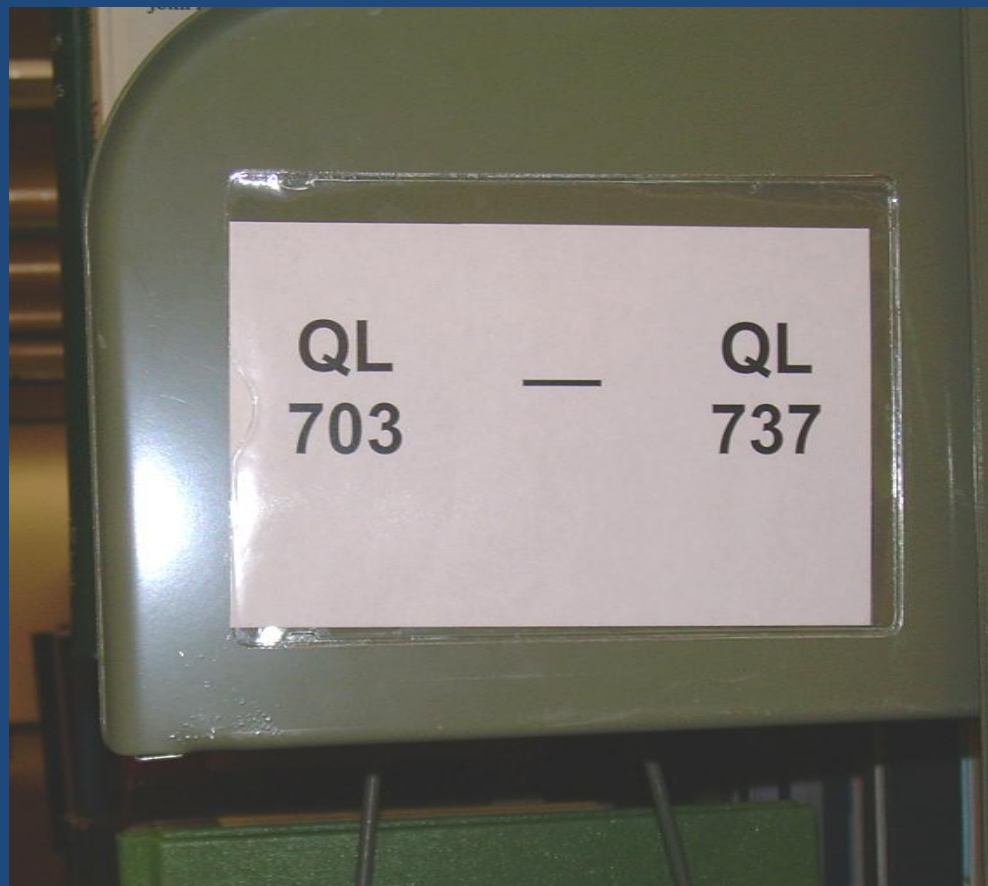

Check the library directory in the foyer to see where “QL” call numbers are found.

Find the shelf guide with the letters you need (or close to those letters).

Find the row with the right letters and number range.

The books are arranged across in short rows (ranges), with the rows moving from top to bottom.
