BY

PAUL M. HARLAN

AND

KEN ANDERSON
This twenty-third book of the Vandals which bears the impress of The Caxton Printers, Ltd. was engraved by The Western Engraving and Colortype Co. and bound in covers produced by The David J. Molloy Co. during the spring of 1925.
The GEM of THE MOUNTAINS

Which is the twenty-third annual of The University of Idaho

Published in nineteen hundred and twenty-five by the Associated Students of The University of Idaho
FOREWORD

WITHIN these covers are pictured twelve months of glorious Idaho life with all its successes and failures.

Two thousand Idaho men and women have taken part in these activities during that time, and it is to paint the picture of the Idaho of nineteen twenty-five, which they built, that we submit this annual.

DEDICATED
TO
GENERAL E. R. CHRISMAN

Who, since the early days of the University, has endeared himself to Idaho men and women by his example as a gentleman, as a scholar, and as a fighting man

Athletics
PROPOSED MEMORIAL GYMNASIUM.
We are proud of Idaho Athletes. We are proud of the enviable records they have made and the glory they have won. Our pride manifests itself in a mighty cheer when any athletic team “takes the field.” A feeling of security is instilled in each of us, for we know that every Vandal is a true sportsman, ever playing the game, not as an individual, but always as a part of a highly efficient and powerful machine. We know that every man goes into the game to win, and that he will do his best for Idaho.

Idaho athletes do train. Never has an Idaho team “quit” before the game was over. Perfect condition, coupled with pep, speed and fight throughout the last second of play, typify all Gem State teams. Every Vandal plays the game for the sport there is in it. Personal glory and individual praise is not, and never has been a coveted goal for any Idaho sportsman.

The tremendous advance in every branch of athletics during the past few seasons is deserving of only the highest praise. Today our teams are known and respected, not only on the Pacific Coast, but throughout the entire country. Everywhere Idaho teams are known as smart teams, ever alert, full of fight and always dangerous opponents. The popularity of Idaho teams has grown tremendously in the last few years, and their fame is nation-wide.

Idaho athletes are trained and developed by coaches who hold the respect and love of every Vandal warrior and every loyal Gem State admirer. Idaho coaches have abandoned brawn and brute strength and substituted in its place, knowledge, skill and scientific perfection.

1924 Football Season

SCHEDULE.

October  
4  Gonzaga at Spokane  
11  Montana at Missoula  
17  W. S. C. at Moscow  
25  Stanford at Portland  
31  O. A. C. at Corvallis

November  
8  Oregon at Moscow  
22  U. S. C. at Los Angeles  
27  Nevada at Boise

Facing a hard schedule for the season 63 Vandals reported forVarsity practice at the first of the year. Idaho lost three experienced and dependable men due to the fact that Bob Fitzke, "Dusty" Kline and Abe Goff were no longer eligible for varsity competition. In spite of losing these men there were fourteen letter men back in football togs for practice and some new men as well as the members of last year's Frosh team.
Coach Mathews had less than three weeks to whip his Vandals into shape before the first game was scheduled to be played. The squad, however, was very peppy and cheerful and buckled right down to the task of learning football. "Matty" displayed an attitude that spoke of supreme confidence in his players when he said, "We'll play football this year and the team that beats us will have to play better football."

The season on the whole was very successful. Twice the weather conditions gave the Vandals a handicap too great to overcome. This team played a brand of football unsurpassed by any Vandal team in the past. After the game with Washington State Idaho stood at the head of the Pacific Coast Conference for the first time in history. At the close of the season Idaho still stood high in the coast standing and took the Northwest Conference Championship for which the members of the team received a gold football in commemoration of their accomplishments and their loyalty to Idaho.

Eighteen men were awarded letters in Varsity Football during the 1924 season. They are:

[105]
SIX THOUSAND people saw the hotly contested game in which neither team was able to score. Idaho piled up 305 yards in scrimmage to Gonzaga’s 211 while Gonzaga outpunted Idaho. Several times Idaho seriously threatened Gonzaga’s goal line but was either held or lost the ball on a pass. The ball was in Gonzaga territory most of the time and Idaho was not seriously threatened. In the first quarter the game promised to be a punting duel but in the later periods of the game the Vandal backs returned the ball by passes and end runs. Approximately 400 Idaho rooters went to Spokane to see the gridiron warriors battle.
IDAHO defeated Washington State College in a thrilling game before a home-coming crowd of approximately 10,000. Through three periods Idaho was held scoreless although five different times she was in scoring distance. Shortly after the opening of the final quarter Washington State’s big full back, Marvin Hales scored a drop kick. That was the signal for the Idaho onrush. The W. S. C. Cougar was completely routed and the Vandals charged down the field and across the line for three touchdowns.
Idaho 41  Montana 13

The Idaho Vandals gave the Montana Bears a 41-13 drubbing at Missoula, upsetting the dope that Idaho was in for a proper cleaning. The Vandals started strong in the first period and maintained their lead throughout the game. A stonewall defense backed by a speedy backfield that skirted the Montana ends for repeated gains sums up the story of Idaho's victory and Montana's downfall.
On a wet field and in a drenching rain the Idaho Vandals had their first loss of the season. A kick won the game for Stanford whose heavy team had a decided advantage on the wet field over the light but speedy Idaho eleven. Under the heady leadership of “Skippy” Stivers, Idaho quarterback the Vandals outplayed the Stanford team. Officials and sport writers declared that all through the game Idaho was playing a better brand of football than their opponents. “For once the better team lost,” said a well known official.
Idaho 22  O. A. C. 0

Punting and passing their way through a sea of mud the Idaho Vandals downed the Oregon Aggies 22 to 0. A series of long passes were responsible for two Idaho touchdowns in the first period. Another series of passes in the second quarter for the third touchdown and a 17 yard place kick by Stivers in the fourth period sums up the Vandal victory. A crowd of 12,000 to 14,000 spectators watched the game.
EVER since Idaho met Oregon 23 years ago the games have generally resulted in a tie. This year, however, the old Oregon jinx turned tail and the Vandal warriors defeated Oregon 13 to 0. The first touchdown was made by a daring forward pass near our own line. Oregon came within a narrow margin of scoring when they brought the ball down to Idaho's two yard line but here they fumbled the ball which was recovered by Idaho. The second touchdown came much in the same manner as the first.
TWO KICKS and a forward pass netted the Trojans their score. The Idaho Vandals had the disadvantage of a long trip and a decided change in climate and altitude. Here at home they were practicing on a snow covered field while in Los Angeles on the day of the game the mercury hovered around ninety. Idaho's second and last loss of the season was witnessed by a large crowd in the Los Angeles stadium.
COACH Mathews and his Vandals closed their brilliant 1924 season with a decided victory over Nevada at Boise in the Thanksgiving game. Idaho turned loose a bewildering aerial attack against the Nevada Wolves. In the whole game Idaho for the most part was sweeping down the field. In the final period Nevada opened a smashing line attack and it was only Idaho's stonewall defense that kept the Wolves from pushing the ball across our line in the last quarter.
A TRIBUTE

EN VANDAL warriors, veterans of three seasons, will fight no more gridiron battles for Idaho. Their true fighting spirit and noble efforts have carried the Vandal banner to victory many times, against great odds and under many handicaps. Their work for "Old Idaho" deserves the highest praise. Although they leave us, and soon to be scattered far and wide, their indomitable will and fighting spirit remains. Their thoughts and best wishes will ever be at Idaho. These men personify the best in athletics, true sportsmanship and the ability to fight a clean battle against great odds.

Not only will these men be long remembered and respected by Idaho students and admirers, but their noble ideals will be an everlasting heritage to all Vandals. As we look back over the last three seasons and review the many games these men have dominated, it is with many regrets that we realize that they will not be with us again.

To these men, we owe a great deal for the fame they have won for the Gem State. Through them the Vandals have come to be known and respected, far and wide, as fighting, and dangerous opponents.

To these men we pay a tribute:

Vernon Stivers
Sylvester Kleffner
Maurice Kline
Larry Quinn
John Vesser

Lyte Tapper
Charles Hausen
Frank Kinnison
W. L. Stephens
Soph Marker
The opening game against Spokane College was taken by the Frosh 46 to 0. Twice in that game Coach David MacMillan made whole team substitutions, indicating the amount of good football material to be had among the Freshmen. The second game gave the first year men their first real opposition and Cheney Normal, the team that made a good showing against Gonzaga University, scored a touchdown but the Baby Vandals scored a pair, winning the game 13 to 7. In the next game in which they played Lewiston Normal they showed still greater strength and teamwork snowing the Normal under by a score of 87 to 0. Again the Frosh triumphed when they met the Gonzaga second string defeating them by a score of 34 to 0 on a muddy field. The Frosh defeated the Idaho Tech, 37 to 0, in one of the hardest and fastest games on the Frosh schedule. The Tech players seemed unable to stop the onrushes of the Frosh backfield. In their final game of the year the Idaho Frosh won a 6 to 0 victory over the Washington State College Babes, on a muddy field covered with two inches of soft snow.

Undefeated and scored upon but once the Vandal Freshmen played a great season of real football and tied the University of Washington first-year men for the championship honors of the Northwest.

[122]
IDAHO sent two relay teams to the Annual Seattle Relay Carnival, May 24. Both teams placed second in the events in which they were entered. Keith and Eaton placed third and fourth respectively, in the 100 yard event, thereby giving Idaho third place in the meet. The final result of the meet was: U. of W., first; O. A. C., second; Idaho, third; U. S. C., fourth; and U. of O., fifth.

Eight men represented Idaho in the Pacific Coast conference meet held at Eugene, Oregon, May 31. Lewis Williams again demonstrated that he was the best two-miler in the conference, by winning the event. Keith placed second in the 100 and 220 yard dashes. Idaho was represented by Pickett, Wagner, Powers, Hillman, Keith, Casebolt, Williams and Davison.
Track

IDAHO'S varsity track squad of 1924 was made up of the best material assembled at the University in many years. It truly represented a revival of track interest at the school. Under Coach Mathews tutelage the freshman and varsity tracksters of the previous year were transformed from prospects to point winners. Keen competition was evidenced in every tryout and at midseason the remaining aspirants showed every indication of being well equipped to garner points. Idaho men won many events, and contested the rest of them with the typical Idaho fighting spirit.

The early season triangular meet at Gonzaga showed the Idaho men to be in good condition, for the weather had been favorable for several weeks prior to the meet. They demonstrated to the spectators that they were well grounded in track fundamentals. Idaho lost this meet to Washington State College by a meager twelve points. Every event was so closely contested that the outcome of the meet was uncertain until the last two events.

Two additional weeks of intensive training put the cinder-path men in first class condition for the annual meet with W. S. C. This was a much better meet than the scores would indicate, for every race was very close and every point was hotly contested. Competition was too strong for the Gem State men, and Washington State came out victorious.

A week later the Montana squad invaded the Vandals' camp on McLean Field, and were defeated by a large score. The Idaho men proved superior in nearly every event.

Two notable and long-standing Idaho track records were broken this season. Pickett, sensational sophomore field man, broke the discus record of 127 feet 8 inches, set by Neil Irving in 1919, by throwing the "saucer" 132 feet, 4 inches. Powers, fleet-footed hurdler, set a new Idaho record in the 220 yard low hurdles by running to victory in 24 7-10 seconds, breaking the sixteen year old record of 25 seconds flat, made by James Montgomery in 1908.
The Book of

VARSITY TENNIS 1924
Tennis

Tennis has been fostered at the University of Idaho from a purely recreational point of view until recent years. As more courts were made available, great enthusiasm was shown and the sport gained such favor that the student body recognized it as a minor sport.

In the early spring of 1924, prospects for tennis looked good. However, cold winds and occasional rains kept the courts from drying off and they remained a mass of mud until late in April.

When conditions were finally favorable and practice started, keen interest was shown and many aspirants turned out. Manager Preuss arranged a ranking tournament in which more than one hundred men and women took part. When this process of elimination was finished, two teams were chosen. On May 1st, the women organized a team composed of Beatrice Hunter, Evangeline Bennett, and Mary Huston. The personnel of the men's team included Charles Preuss, George Gahan, John Wagner, "Bud" Melin and Clyde Richards.
Whitman Meet

Whitman and Idaho held a dual meet in Moscow on May 9th, 1924. Due to the late season, Idaho's teams were not in good condition for the meet, having been chosen only nine days before. However, the scores in each match were very close and the games were real battles in skill. Whitman emerged from the contest with the long end of the score. Wagner and Gahan won their matches in this meet and were awarded letters in the sport.
ON MAY 17, Idaho racket men invaded the Washington State College territory. An interesting meet was held and the Idaho men made a very credible showing although they were defeated, due to superiority in technique and execution on the part of the W. S. C. men.
Baseball
LAST year's diamond season can be called successful from many standpoints, Idaho winning a majority of her games and finishing the season at top speed. When Coach MacMillan issued his call for candidates, nearly seventy men, including old varsity material, men from last year's frosh squad and many new men, turned out. The calibre of the team may be judged by the fact that three regulars, Fitzke, Stivers and Kleffner, have received and accepted bids in the major leagues. Fitzke is now with the Cleveland Americans and Stivers with San Francisco, while Kleffner will go to San Francisco when he completes his schooling.

Due to the wet spring, actual practice was held up until a late date, but with seven lettermen back in uniform, prospects were never anything but rosy. Idaho had, on her schedule, sixteen Northwest Conference games, eight to be played at home. The season opened with a two game series with W. S. C., the first game being played on McLean Field and the second at Pullman.

Letters were awarded to FITZKE, SNOW, GOLDEN, FIELDS, KINNISON, GUINNELLO, LAWSON, WAHL, WICKS, STIVERS, MELIN, CAMERON, and CAMPBELL.
THE FIRST game of the season was looked forward to with much speculation.

Being the first game for both teams, little could be known beforehand as to the comparative strength of either. "Bung" Snow started the game for Idaho, fanning nine men and allowing but seven scattered hits. In addition to his work on the mound, Snow connected for a four base swat, as did Fitzke.

Idaho 3  W. S. C. 6

Traveling to Pullman for a return game, Idaho hit a snag early in the contest. Nolan, who had lasted but a couple of innings the day before, sought revenge with mysterious benders and had things all his own way. The day was ideal and the game was full of fielding exhibitions, Idaho making three double plays. Fields pitched a good brand of ball up to the ninth inning, when he was replaced by Art Golden.
Journeying to Seattle, the Vandals played a two game series with the Huskies at their own lair. Playing like a bunch of professionals, Idaho had little trouble winning the first game. Fitzke pitched the early part of the game, but his shoulder forced him to retire in favor of Wicks, who also performed nicely. The fielding of the Moscow team was clearly superior to that of the Washington men. Both teams made twelve hits, but better bunching of drives counted for Idaho.

Idaho 8 Washington 12

Playing in contrast to the performance of the previous day, Idaho seemed to forget what they were there for and lost to Washington in a slow and uninteresting game. Inability to connect with the sphere was the primary cause of the downfall. Snow and Golden alternating in the box, delivered creditably for Idaho, but they were given poor support and the Washington team had things pretty nearly their own way.
Idaho 7  Washington 3

THIS WAS the first of a two game series played at Moscow. Profiting by things learned in their last encounter with the Huskies, Coach MacMillan's Vandal ball-tossers outhit their opponents and edged out a see-saw game which kept the spectators guessing from the start. The teamwork of the Idaho team was marked with snap and fight which is so characteristic of the Vandals. In the eighth inning, a threatened rally was cut short by a well executed double play, Wicks to Stivers to Lansdon. Golden and Wahl pitched good ball and received excellent support.

Idaho 8  Washington 11

Smarting from their defeat of the day before, the Washington nine evened up the series at one all, in a contest marked by heavy stick work on the part of both teams. Kinnison, playing his usual hard game, connected for a circuit drive in the second. The chance of an Idaho victory was blighted in the ninth inning when the Washington catcher started a four run rally with a home run, the second of the day. Fitzke, Cameron, and Stivers played very brilliant ball and were credited with much of the sticking.

Idaho 4  Montana 2

Idaho took the first game of the two game series with Montana by staging a spectacular rally in the last part of the struggle. Fields chucked during the entire contest, and Kinnison received his offerings. The game was tied at the end of the fourth inning but some timely drives placed the Vandals on top for the remainder of the session.

Idaho 7  Montana 1

Not satisfied with the results of the day before MacMillan's sandlotters trounced the Bruins once more to the tune of seven counters to one. Snow and Kinnison were battery mates for the day and the Bear made holes in the air in all but one inning. This game was also tied during the first two innings but twelve Idaho bingles soon pulled the Vandals out in front.
In the first nineteen twenty-four encounter with the men from Corvallis, Idaho was powerless to stem the tide. Snow, who pitched a very heady game for the Vandals was handicapped by four extremely costly errors. Tebb, the sensational Aggie twirler treated his home folks to a brilliant exhibition of twists and benders and his team-mates garnered six tallies from the Idaho aggregation.

Idaho 0  O. A. C. 11

In the second game of the series, the Aggies continued their winning streak, and by playing an unusually good brand of ball coupled with hard luck for the Vandals, they took the contest by a large lead. The heavy hitting of the O. A. C. men brought in eleven runs, while Idaho was unable to cross the plate. "Skippy" Stivers cracked out a three-ply bingle, but his team mates were unable to bring him home.

Idaho 3  O. A. C. 1

Here the tables turned, and in the first game of the second series Mac's balltossers slipped over enough counters to take the contest. Idaho made two runs early in the game on Aggie errors, but was held hitless until the eighth inning when she bunched bingles and drove another run across the pan. The Aggies were only able to total one run.

Idaho 10  O. A. C. 2

Once more the Vandals trounced the Aggies in a regular slug-fest. Tebbs, the Aggie twirler was driven to cover in the first frame under a fusillade of Idaho hits, including a home run by "Syl" Kleffner. Fitake and Stivers both contributed three-baggers.
Idaho 6 Oregon 5

This game appeared to be safely on ice for Idaho until the last of the eighth, when the Webfooters threw two men across the plate and tied the score. Neither side was able to gain the advantage until the twelfth frame when Stivers ended the affair by crashing out a homer, giving a six to five decision to the Mackmen.

Idaho 16 Oregon 0

In the last series with Oregon, the Vandals took both tilts handily. In the first game Fitzke and Kinnison allowed the Webfooters to fan the breeze during the entire struggle and presented them with the proverbial goose egg. The Mackmen played errorless ball, and as a special feature furnished four spectacular double plays toward the afternoon’s entertainment.

Idaho 11 Oregon 7

In the second game of the series, Oregon tallied four counters in their half of the second frame, but the Gem Staters reciprocated with the same number during their stay at bat. The rest of the game easily belonged to the Vandals and they waltzed home with the bacon.

Idaho 10 Willamette 1

The men from fruit valley were unable to hold Idaho in their only tilt. The Vandals fattened their batting averages at the expense of Willamette and were at no time in danger during the game.
Cross Country
CROSS COUNTRY SQUAD.
THE 1924 Cross Country team was composed of the strongest five man aggregation of distance runners that Idaho has ever produced. The early fall turnout showed at least twenty promising aspirants who worked out daily over the three mile course, but after several try-outs which lasted up to October 25th, the squad was cut down to a five man team. The team consisted of Lewis Williams, captain, Guy Penwell, Arthur Sowder, Errol Hillman, and Arthur Mathews. This team creditably represented Idaho at the Northwest Cross Country Conference, held at Eugene, Oregon on October 30th, taking the meet handily. Errol Hillman took the tape after the grind of three and one-half miles, with Lewis Williams a close contender for initial honors. The other three members of the team placed near the fore, garnering enough points to easily take the meet. A gold winged foot was awarded to each man of the team for his remarkable showing.

VARSITY BASKETBALL SCHEDULE
1924-25

January 5. Whitman at Moscow.
10. Gonzaga Univ. at Moscow.
22. O. A. C. at Moscow.
23. Gonzaga Univ. at Spokane.

February 3. Pacific at Moscow.
7. Whitman at Walla Walla.
10. Willamette at Salem.
11. O. A. C. at Corvallis.
19. Montana at Moscow.

March 2. W. S. C. at Pullman.
MORE than 25 candidates answered the first call for varsity basketball practice issued late in November by Coach David MacMillan, Idaho Hoop Mentor who has developed two Pacific coast conference championship teams in the last three years. After a few thorough workouts, Coach MacMillan cut the squad down to about 15 men.

The four lettermen from last year’s squad looked like an excellent nucleus around which to build a very successful team. In addition to Nelson, Penwell, Stivers and Hillman, veteran hoopmen, six exceptionally fast and versatile stars from last year’s frosh team entered the tryouts for “Mac’s” Vandal machine.

Strenuous practice and drills in the fundamentals and technique of basketball throughout December, put the squad in good condition for the annual pre-season “barn storming” tour. This trip through northern Idaho and eastern Washington during the holidays gave the players a chance to develop confidence as well as teamwork. It also gave the new aspirants a chance to show what they could do in actual competition. Two weeks were spent in rounding into shape and smoothing off the rough edges of a true Vandal machine.

MacMillan’s Vandal hoopmen opened up their season by defeating the Whitman Missionaries by a score of 36 to 14. The Vandals took the lead early in the contest and maintained a comfortable margin until the final whistle. Miles playing his first year of varsity ball for Idaho took scoring honors for the contest. He was credited with six field goals for twelve points. Long shots for the basket and floor-length dribbles were not included in Idaho’s tactics. The team worked together as a well-timed and intricate machine. The line up in this game included: Nedros, Miles, Nelson, Penwell and Lamphere.
The Gonzaga university five staged a desperate attempt to outwit the Vandals in Idaho's second conference clash. In this game both teams displayed exceptional ability and throughout the first period scoring was very close. In the final period the Bulldogs were clearly outplayed and the game ended with the score at 37 for Idaho and 23 for Gonzaga.

The Oregon Aggies defeated the Vandals by one point in a fast and spectacular game on Idaho's floor. The Gem State players led by a comfortable score until the last six minutes of play. The Aggies staged a desperate rally and caged 11 points, thereby ending the game with the score standing at 19 to 18 for O. A. C. Miles led both teams in scoring with eight points. "Red" Riddings, Aggie forward was next with six points.

Idaho took the second game with Gonzaga at Spokane and the following night lost to Montana, at Missoula. Pacific university was snowed under by the Vandals on the home floor by a score of 35 to 13.

The Vandals started their conference circuit trip in which they played six games in seven days, by meeting Whitman college at Walla Walla. They lost to the Missionaries by two points, and two nights later upset the dope by defeating the Washington Huskies, 31 to 30 in an extra five-minute period game at Seattle. This game was fast and full of thrills. Superior team-work, coupled with typical Idaho fight won for the Vandals. The Willamette aggregation proved to be easy victims for the Vandals on the following night. After a series of three games in close succession, the Gem State hoopsters invaded the Aggie camp at Corvallis, where they lost by a small score in a hard fought and closely contested game.

It was on this conference circuit trip that Erickson proved his worth as a tip-off man and a consistent point-getter. His exceptional ability to gain the tip-off from nearly every center in the conference was a great aid to the Vandals. Soon after the Idaho men returned from their coast trip, the Montana Grizzlies journeyed to Moscow, only to be snowed under by a score of 41 to 16 by the Vandal five. Erickson was high point man in this game with five field goals and two free throws to his credit.
Perhaps one of the fastest and most spectacular games of the season was witnessed by Idaho fans when Washington met defeat at the hands of the Vandals by a score of 32 to 27. Twice in this game the fighting Vandals overcame a Washington lead in the most dazzling brand of ball during the entire season. Washington was thrown out of the running for a possible tie with O. A. C. by this unexpected defeat by the Vandals.

The Oregon Webfooters put the brakes on Idaho's headlong rush for the Pacific coast championship when they defeated the Gem State five in a bitter struggle for supremacy. The score stood 26 to 24 at the close of the game, after Vandals and Webfooters had alternated five times to hold the lead. Nedros led the Vandals in scoring with three field goals and two free throws. The Idaho line-up in this game included: Nedros, Miles, Erickson, Greene and Nelson. Canine and Penwell were also thrown into the game, substituting for Greene.

Two games with W. S. C. closed the season for Idaho. Both games were easily won by Idaho, thereby tying Idaho and Washington for third place in the Pacific coast conference.

The FIRST call for Frosh basketball was answered in the affirmative by 75 eager first year man. A brilliant galaxy of former high-school stars appeared the first night. Every conceivable brand of ball was exhibited, and prospects for a fast squad were very promising.

Coach MacMillan started the boys in floorwork and the fundamentals of handling the ball. Coach Mathews assumed the mentorship of the Frosh squad upon his return from the Pacific Coast Conference meeting. The Babes rounded into shape under his management, each one possessing that fighting spirit so typical of Idaho teams.

The Vandal Babes started their brilliant season on Dec. 18, when they met the Lewiston State Normal on a Lewiston floor. The Frosh worked nicely together and gathered in a victory for Idaho.

Perhaps the most outstanding game of the season was the battle with the College of Idaho Coyotes. The Vandal rooks defeated the Coyotes in a game made spectacular by three brilliant spurts which brought the freshmen from the bottom to the top. The Babes seemed lost all through the first half. Their shots were wild and their teamwork erratic. The collegians piled up a 9 to 1 score with surprising ease. The first half closed with the Coyotes leading, 15 to 9. The final period revealed a different story. The frosh held the southerners scoreless until they had tied the score at 15. The Vandal Babes charged to victory in a thrilling finish, 23 to 2. Beyer, of Boise was high point man for the frosh. Jacoby, right guard, and Canine who started at center were the outstanding players of the game. All through-out the last half of the game the freshmen showed exceptional teamwork and ability to play together. The lineup for this game included Beyer, Roise, Canine, Jacoby, Dean, Kyle, Chaney, and Duff.

Among other victories for the Frosh was a one-sided match with Whitworth in which the Babes piled up a score of 46 to 29. In this game, Daweld demonstrated that he would make a strong bid for a place on the varsity next year.

The frosh won every game of the season except to the Moscow high school. The season was indeed very successful.
THE ANNUAL Interscholastic Basketball tournament was played in the University gymnasium March 12-17. Eight teams played through the opening round on the first night.

Potlatch defeated Rexburg, Bancroft defeated Challis, Moscow defeated Kellogg, and Rupert defeated Caldwell in the opening games. In the closest and most spectacular game of the evening, Moscow high defeated Kellogg, 24 to 19. The score at the end of the first half was 14 to 12 in Moscow's favor. The two teams played neck and neck up to the last few minutes, when a furious spurt gave Moscow a five point lead.

As a result of Saturday's battles, Rupert and Moscow came out ahead and it was necessary to hold these two teams over until Monday to play off the final game which was to decide the championship.

In the final game between Moscow and Rupert, both teams started cautiously, with Rupert playing a defensive game and waiting for the breaks. Rupert scored first with a free throw. From this time on the game was very close and hard fought. The scoring was very close and the score stood at a tie, 12 to 12 in the third period. The scoring was very close and the score stood at a tie. The third period was marked by exceptionally fast playing. In the last few minutes Moscow led by two points. Rupert advanced one point on a foul. A minute before the final gun, Huggins of Rupert tossed a long field goal, winning the game by one point for the southern team. The final score was 18 to 17, Rupert.

Bancroft high school, eliminated by Rupert Saturday afternoon was awarded the sportsmanship cup at the close of the tournament. Moscow was given the silver trophy cup as runnersup and Rupert a larger cup signifying the state basketball championship.

Berger, first selection for an all-state forward led the tournament in scoring with 59 points. Bradley, Bancroft guard and Frasier, Moscow guard were second and third, respectively in scoring.

Rupert led in team scoring with 141 points. Moscow was second with 137 and Bancroft third with 106 points.

The all-state teams picked were; first team, Berger, Rupert, V. Estes, Moscow, forwards; Grant, Bancroft, center; Frasier, Moscow, Utt, Kellogg, guards; second team; Swedlund, Potlatch, Bradley, Bancroft, forwards; Collins, Moscow, center; Stone, Rupert, Hall, Moscow, guards.

SCHEDULE OF MATCHES

February 7 Oregon at Eugene
14 W. S. C. at Moscow
21 W. S. C. at Pullman
28 U. of W. at Moscow

THE UNIVERSITY of Idaho matmen took one out of five matches with the University of Oregon grapplers Saturday, February 7, and emerged with the small end of a 42-12 score in their first conference match of the season. The contests were held at Eugene. Only one fall was registered during the afternoon. The Idaho matmen were unable to show the speed they had shown in practice matches.

On Saturday, February 14 the Washington State College wrestlers defeated the Idaho matmen 46-20. The Vandals started out strong but weakened in the latter rounds. As a result the Cougars departed for home victors in every contest.

The following week the Cougar wrestlers from W. S. C. took their second conference match from the Idaho Vandals by a 48-36 score at Pull-
man. The match was made spectacular by 12 falls. Bitner, Idaho featherweight, took the first fall from Hendrie, W. S. C., who succeeded in taking the remaining two falls by a narrow decision. Ross, Idaho, took two straight falls from Cowell, W. S. C., in the lightweight division.

The University of Idaho matmen closed their 1925 season with a four to one victory over the University of Washington Huskies in a contest which upheld Idaho's record this year for consistent dope upsetting. This is the first victory the Vandal wrestlers won this year and as a result of this record the Huskies were doped as victors. Bitner, Ross, Edelblute and Bliss all won their matches.
FEBRUARY 14 saw the opening match of Frosh wrestling in the home gym against the Washington State College wrestling team. The Freshmen started the afternoon by winning four out of the five matches with the Cougar Cubs. McCall, Idaho 158 pounder, forfeited to Scheinost, W. S. C. after the latter had obtained the first fall for the only Idaho defeat. The other four Idaho matmen won all their bouts by falls.

The next week on the 21st the Idaho Babes went to W. S. C. for their second match with the Cougars. The Washington State freshmen scored a surprising comeback after their defeat of the week before and in the second series of matches downed the Idaho Babes 56-28.

The following men represented the Frosh in their various weights during the season:

Bradley - - - - - 125
Harkness - - - - - 135
Croy - - - - - 145
McCall - - - - - 158
Cromwell - - - - - 175

FROSH SQUAD.
Intra-mural
COMPETITION between fraternities in all athletic events, under the head of Intra-mural Athletics is being encouraged and supervised by the Athletic Department. Not only does this form of activity constitute a good type of recreation for those who take part, but it is a means of bringing men together in a spirit of friendly competition. Physical and athletic development is stressed and it is not uncommon to find men competing who have much natural ability. It also serves as a means to interest men in athletic activity, and is often indirectly responsible for finding varsity athletes.

Intra-mural athletics includes almost every branch of athletic activity. In the fall, much interest was manifested in Cross Country running. As the fall season advanced, basketball became the chief sport of interest. A very successful tournament was held, in which the Phi Delts narrowly annexed the Championship. Immediately following the basketball season, indoor baseball was taken up. By the time each team had met in indoor baseball, the track season was on. This event produced many unexpected thrills. As soon as the weather would permit, practice was started in outdoor baseball. A series of games proved that each team was composed of good material. Tennis took up the latter part of the year. Much enthusiasm was shown and some excellent players developed. No doubt some of them will make good in varsity tennis next fall.
Intra-mural Basketball

Basketball has grown to be one of the most popular of the intra-mural sports. During the last few years competition has been very close and all teams have been unusually well matched. This particular phase of intra-mural competition has become very popular and a good share of the winter season is devoted to a tournament.

As the number of fraternities has increased, it was thought best to divide the groups into two leagues, to be known as League A and League B. League A was composed of Sigma Alpha Epsilon, Kappa Sigma, Sigma Nu, Beta Theta Pi, Phi Gamma Delta and Phi Delta Theta. League B was made up of Lindley Hall, Delta Chi, Sigma Chi, Tau Kappa Iota, Elwetas and Beta Chi.

Each team played a game with every other team in its respective league. Practice was started early and every indication pointed to a very good season. From week to week the figures in the percentage column told a varied story. When each team had exchanged one game, the Phi Delts led in the percentage column with 800 against 750 for the Kappa Sigs. In League B, Lindley Hall, Delta Chi, and Sigma Chi were in a tie with 800 each. The Delta Chis won out in a series of games to determine who should represent League B against League A for the championship.

In a final three game series the Phi Delts nosed out the Delta Chis for the intra-mural championship.
Women's Athletics
MISS WIRT is head of the Physical Education department with Miss Richardson as assistant. She has furthered women's athletics in many ways in the two years she has been here. The work included in Miss Wirt's department is Sophomore and Freshmen Gym, Aesthetic Dancing, and extra curricula sports, such as Volleyball, Basketball, Baseball, Track, Hiking and Tennis.

Miss Wirt acts as advisor to the Women's Athletic Association. This organization has become very prominent on the campus in the past year. Seven girls were awarded "I" sweaters, Jane Gibbs receiving a silver loving cup for having the largest number of points.
The WOMEN'S Athletic Association has had a most successful year. They have furthered the interest in Intra-mural and class sports and helped create a greater interest for Women's Athletics upon the Idaho Campus. As a means of arousing keener interest in Athletics, the Association offers a large silver loving cup to the house with the most number of points at the end of the season. In the year 1923-24 Forney Hall was the winner of this cup. Mary Houston received a cup as winner of the 1923-24 Tennis Tournament.

Evangeline Bennett, President of the W. A. A. was sent as a delegate to the conference of the Western Section of the Athletic Council of American College Women meeting in Los Angeles.
Hiking

HIKING is one of the major sports for girls. This year a great many girls not only turned out but earned their credits in hiking. The rules for earning points are walking not less than three miles and reporting their hike to the sports manager not less than three days after going. Sixty miles is the distance a girl is required to walk for credit. This credit amounts to fifty points towards earning a sweater.

An all college hike was held October 4, 1924. About sixty girls walked to one of the cabins on Moscow Mountain. A spring hike was held, the girls walking half way to Pullman and back.
Dancing

MRS. MICHAEL was included in the Physical Education department this year as instructor in dancing. No credit was given pupils this year but credit will be given next year. Several dancing teams have been formed and will take part in the May Day exercises.
FOH:o\EY 11 .

**Volleyball**

Volleyball is also a major sport of W. A. A. and the tournament held this year was a very successful one. The winner of the Intra-mural tournament was Forney hall. The members of the team were Katherine Healey, Hazel Roe, Sybil Felt, Dorothy Manning, Jane Gibbs, Pauline Clare and Helen Austin, substitute.

**Intra-mural Volleyball**

**Class Volleyball**

Following the Intra-mural tournament was the class Volleyball tournament. Teams were chosen from each class to participate. The Juniors proved to be the strongest team. Members of the Junior team were Evangeline Bennett, Evelyn Backus, Sybil Felt, Frieda Howard, Dorothy Manning, Hazel Roe and Irene Mc Birney, substitute.
More interest was shown in Basketball this year than in any other sport. There was a larger turnout this year than in any of the previous years. An intra-mural tournament was held first and then a class tournament. The Alpha Chi Omega's won the Intra-mural tournament. The members of the team were Margaret Carter, Evangeline Bennett, Mary Francis Updike, Dorothy Teats, Dorothy Sowder, Josie Nash and Mary Fisher, substitute.

The Freshmen team won the class tournament. The members of the Freshmen team were Marjorie Miller, Dorothy Sowder, Mary Partner, Evelyn Huston, Helen Stellman, Pauline Clare, and Ella Mae Farmin, substitute.
Track

Track was introduced as a spring sport this year. A great deal of enthusiasm was shown for it at first, but with the many other spring sports already scheduled, track had to be discontinued because of lack of time on the part of the girls. The events practiced were short dashes, broad and high jumps, shot put, basketball and baseball throws.

A lively inter-class tournament is planned for next year and it is hoped to establish track as a permanent girls sport.
Margaret Carter  Dorothy Teats  Evangeline Bennett
Jane Gibbs  Edith Cooper  Katherine Healy  Gertrude Groefsema
Baseball

Baseball is the chief spring sport. It has taken the place of Hockey and has proven very popular.

An intra-mural tournament is to be held this spring. Four teams are to be chosen and a series of games played to decide the winners.
ACTIVITIES
A. S. U. I.
The Associated Student Body
University of Idaho
1924-25

President - - - - - - LEO FLEMING
Vice President - - - - HAROLD CORNELISON
Secretary - - - - BLANCHE BOYER

All students enrolled in the University of Idaho are members of the A. S. U. I. The membership card admits the student to all activities financed by the A. S. U. I., entitles him to a subscription to the Argonaut, and to a vote in student elections.
Activities

The Executive Board

*Senior Representatives*, E. Anderson, W. Renshaw, Bertha Glindeman.
*Junior Representatives*, Margaret Barlogi, C. Walsdorf, H. Baughman.
*Faculty Advisor* - Dean Ivan C. Crawford
*Alumni Representative* - George Horton
*General Manager* - Albert Knudson

According to the revised constitution, the monies of the A. S. U. I. are handled by a general manager to whom all departmental managers are responsible. He in turn is responsible to the Executive Board made up of the A. S. U. I. officers and the above representatives. In addition, all powers are vested in the Board within constitutional rights and thus our student body government is centralized and strengthened.

**ALTOS:** Phyllis Palmer, Gertrude Baken, Ruth Wolff, Lorraine Terry, Helen Forsythe, Marlys Shirk.
University Orchestra

Second Violins: Edna Wilson, Margaret Schick, Margaret McConnell, John Duffy.

Cello: Robert Reed.

Viola: Herman Steffens.

Clarinet: Clarke Jenkins.

Oboe: Phil Samms.

Trombone: Roland Swanson.

Piano: Maude Ashcraft.

Timpani: Clyde Anderson, Adolph Emskamp.

Leader: Carl Claus.
The String Quartet

First Violin        -        -        -        -        -        CARL CLAUS
Second Violin      -        -        -        -        -        HELEN WOOD
Cello              -        -        -        -        -        ROBERT REED
Viola              -        -        -        -        -        HERMAN STEFFENS

The String Quartet, under the able direction of Professor Carl Claus, has featured in several of the University’s musical programmes this year. They made the tour with the Men’s Glee Club and were very well received. Professor Claus and the other members of the group have contributed something really worth while to University life.
The U. of I. Pep Band

Leader   -    -    -    -    -    AL MARINEAU
Manager  -    -    -    -    -    CLAIR REEMS

Trombones:   Al Marineau, Roland Swanson, Howard
             Taylor, Sven Moe.

Cornets:    Glenn Hopkins, Fairley Walrath, Ross
             Woods, Lloyd Bertrand.

Clarinets:  Charles Moll, Fred Moll, Eugene Beebe,
             Peyton Hurt.

French Horns:  Clair Reems, George Benson.

Drums:    Jimmy Kieldson, Phil Samms.

Bass:     Robert Reed.

Baritone: Emera Renshaw, Robert Weller.

THE IDAHO Pep Band does much to instill the Old Idaho spirit into
the crowds at all athletic contests. It has already made a name
for itself all over the Northwest, and has done its bit to put Idaho
on the map.

This year its itinerary included Boise, Portland, Lewiston, Twin Falls,
Pocatello, and Spokane.

VESPER RECITALS

Vesper services are held on Sunday afternoons at the University auditorium. The Glee Clubs, University orchestra, Cadet Band, Stringed Quartet, music students, and music faculty help to make these pleasant.
Society
September 14th

On the afternoon of this day I did arrive in Moscow. Such a hubub methinks I shall never again see! At length, after much maneuvering, I did find myself housed in one small room, with but my bag and one stranger for consolation. But little time to straighten my gown and smooth my hair before they did summon us to dinner. The less that I do say of that strange affair the better. Followed a busy afternoon, arranging my accessories. Early to bed, to write in my diary and weep a bit.

September 15th

Roused unduly early by an unearthly clamor, which I did later discover to be the rising bell. I did spend a most wearisome morning occupying myself with registration. One lone freshman does not seem of much account in this busy place! But a bite of lunch, before we did College tea. All afternoon we did to sorority house, betimes powdering from an excess of politeness and an hastily attire ourselves for the All wend our way from sorority house our noses. Now abed, recuperating over great variety of food.

September 19th

This night my roommate and I betook ourselves to the President's Reception in the gymnasium, where they did pin our names upon us. There was much handshaking and but little remembering of names, following which we did amuse ourselves with dancing. An uncommonly good time, and a most handsome escort home.

September 20th

Awake betimes, steeling myself to arise and go about my laundering. In the afternoon, off to town to purchase some small trifles. We did drop in at the tea room for dinner, after which we hastily hied us home. To a frolic in the gymnasium, which they did call the "Bury The Hatchet Dance." I did find my companion even more enjoyable than the night before, and was all a-twitter over my program. Methinks I shall like college life!

October 4th

Off tonight to attend the Associated Forester's All College Dance, with an uncommonly good looking forester from the east. To my great astonishment, I did find the Gym transformed into a miniature forest, with a most fragrant odor of pine trees.

October 11th

Disgruntled at the beginning of this day, what with contemplating the long assignments which I must prepare. Laboring heroically with them all the day, but feeling very virtuous while oning my apparel for the Lindley Hall Fall Informal dance.

Such a happy time, this night. The Blue Bucket Ballroom royal in purple and gold decorations and soft lightings— We did partake of a deliciously prepared buffet supper, thence wending our way homeward in the pleasant October night.
October 14th

This was a most happy day! My dreams fulfilled—eighteen at last! A package on the early morning post—A registered letter this midday. Immediately to town to purchase a most bewitching frock which had long been my fancy. Hastily hiding the package I fled to register an answer to the letter I had written this morning. Upon hastening to town to purchase the most bewitching frock, which had long beguiled my fancy, I was surprised to find myself homeward to the Sigma Chi Pledge Dance.

A journeying to the Blue Bucket Ballroom; there to dance the Pledge Special, and much overjoyed with my beautiful white rose, the flower of this fraternity.

October 17th

Such a much! My conscience chided that I did not record yesterday's happenings last night, but, Dear Diary, I did find my arms so weary with dancing, and my person so bruised with dancing, yet myself so abrim with anticipation for the morrow, that writing quite slipped my mind.

I do find football interesting. Such a thrill as Number—alone did not star! I verily believe that all of us do so enjoy the Football Special. My partner did appear most smitten, but—Pride goeth before a fall.

October 18th

Dear Diary, so much to write—But shortly returned from the Ewetas house, where I did have a most exuberant time at a Tin Can Dance.

I did begin the evening rightly by falling headlong over the tin cans in the doorway, in my attempt to enter the house backward. Much to my surprise, our hosts did begin the party with "Home Sweet Home." Never before did I behold such varied shapes and sizes of cans. Cans from the ceiling, cans hiding the lights, and leading upstairs a tin can alley. Making my way safely through this alley, I did find awaiting me a most unique programme, this being a milk bottle whistle. Sharing all day suckers with Little Boy Blue, and begging peanuts from a "wop"—A most fitting finale in a strenuous confetti and serpentine battle, accented by the jangling of the tinware. A most canny party!
October 24th

A-lack-a-day! No man this night, for he must needs attend a smoker. And I am led to understand that such events do appear frequently on the calendar.

M. R. came early to see me, with news of a man she did meet last night, after which we fell to gossip and scandal, a-making most luscious fudge the while.

October 25th

Up betimes to set about combining wearing apparel for my “Prom” costume. Scarcely time to eat a bite, amidst the flutter of preparation.

In the evening to the “Coed”, uncomfortably costumed as Aunt Jemima. L. T. did herself as the Cream of Wheat chef so realistically that even M. R. failed to recognize her.

A-tangoeing to “Spain” with a most dashing caballero—The music of—very spirited, and it did obligingly play “Spain” whenever I asked—

A-sipping and a-munching cider and doughnuts, the while a-gabbing with a Chink. Special dances by a Spanish Senora and a little girl from Ireland did bring forth much applause. Much delighted, we did revel until late.

Must to bed, yet reluctant to cease meditating. Lord! I do believe these men be not so necessary!

October 31st

Much talk these days of witches a-riding broomsticks, of black cats and bad luck—

Off to the Beta Chi house Dance, I did find everything except the bad luck. The house fantastically arrayed—The evening a-fearing ghosts—Carefully picking our way home through the obstructed streets—

November 7th

Alas! This day did prove almost too strenuous, what with examinations in all of my subjects, an appointment with my hairdresser, and an attempt to embellish my costume before keeping an engagement to the Delta Chi Installation Dance.

Egad! Would that we had more such parties! The polished floor of the ball room at the Blue Bucket did reflect, in the soft glow of the floor lamps, the brilliance of many bowls of red carnations. A pensive moment in gazing upon the new charter of this fraternity, with its imposing list of names—

All a-thrill over my fragrant corsage and my pretty programme. After dancing, we did partake of a most delicious supper.

Good night, Diary. I must needs go and put my corsage in water.
Activities

MILADY’S DIARY

November 8th

Busy all the morning, a-casting up my accounts. Faith! I do not see what I did spend it all for!
I do adore such musick and dancing as we did behold this night. I have well-nigh sprained my back whilst endeavoring to reproduce the slinky Scheherazade. I did also find the choruses intriguing, especially the men’s.

Sitting enthralled while the groom sang “June Night”, I did imagine myself the graceful little dancer. The soft beauty of the lighting did enhance my delight.

I did shriek aloud with the concubines when the Sultan, Aram-el-Karschid, daggered the Queen with his long knife.

Methinks the Pep Band did never render such spirited musick than on this occasion. Heartily joining in the applause again and again—

'Twas evident that “He Who Gets Smitten” did succeed mightily.

November 15th

Put in an hour at the outset of this day acquiring a checkered sun bonnet and an apron against the coming “Ag Bawl”. The balance of the day in running from room to room gossiping and admiring costumes—

My escort to call for me, albeit what with so many overalls and chin whiskers in the living room, I could scarce recognize him. Gaily forth to the gym, which in truth appeared as an old fashioned barn— Hay, corn stalks, harnesses, lanterns—Even to the farmer on my programme, forthwith making a hasty exit through the barn window. A most appropriate drink!

November 22nd

Awakened with a summons on my telephone. Another engagement the remainder of the morning par-taking of luncheon down town.

In the evening much enthused The hall gaily festooned in senior colors, and marvelous dances recorded difficulty in getting to bed, my mind

November 29th

I did scarcely sleep a wink last night, in anticipation of the delights of this day. Arising early, I did spend the morning with painstaking preparations, and at twelve o’clock did fare forth, with my companions and my accessories, to register at the Kappa Sigma Hotel.

I did find this a most spacious and comfortable abode, and the bill of fare excellent. Dancing and varied entertainments did while away the afternoon hours. I marvelled aloud at the portrayal of Little Red Riding Hood’s grandmother by A. M. A most lively carnival dance did fittingly crown the day’s festivities.

Methinks I shall have plenty to remember this party, what with a whole page of my memory book devoted to pictures, serpentine, confetti, and my most gay cap.
December 6th

Lay late, pondering upon the complexities of college life.

In the library this afternoon, preparing my Spanish assignment for Monday, that I might enjoy the Phi Gamma Delta Formal Dance tonight with an unburdened conscience. Albeit, my conscience could not have troubled, the party so merry and the dinner so good. Dancing, I did enjoy my programme mightily, and me felt as sprightly as every one else did appear.

Scarcely did I return home when H. W. did present herself, she having made merry amongst those attendant at the Associated Engineers. We did fall a-talking, and comparing notes. Espying her programme, I regretted me that these functions did both happen on the same night, so I could not possess the two of these unique programmes. Ah me! I do fear I am becoming greedy.

December 12th

Reading in the publick prints this day past of the Glee Club Concert, methought I must needs attend. My escort and I both much delighted with that performance, never having realized we did have so much talent in this University.

Mayhap my musical education has been sadly neglected, but I do confess that the lighter numbers struck my fancy. Also, I did muchly enjoy the soloists. Sallying forth from the Auditorium in great good spirits, we did wend our way to the Blue Bucket, where I did again break into the strictness of my diet.

December 13th

A letter by the first post from K. D. advising me of many extremely gay revels for the Christmas season. I can scarce believe it fifteen weeks since I did desert my beloved home.

Donning my well-worn frock for the Intercollegiate Knights dance, I did devoutly pray that my wardrobe might be replenished while home, albeit I could well hear Grandma saying:

"Now, when I was young, I school, and one for Church." my attire in the gaiety of the lanterns hanging from everglow of the fire place, did almost seem time to know I shall dream of, did have but two frocks, one for Santa this night!

December 18th

Dear Diary, I do feel most thoughtful tonight. Attending the Little Theatre Plays, I did behold once more the oft told tale of the Nativity. "The Shepherds" did bring to us the Old English Religious Plays, and did make me feel most wicked and frightened. Methinks I shall hie me to Church tomorrow.
January 5th

Once again hating it in Moscow. Howbeit, I do find this a vastly different occasion than when I did first find myself in this place. Much regret at leaving my dear home and the many delights of the holiday season, but, once on the way, so anxious was I to again behold my dear friends, that it seemed the train did scarce move. To a date in the afternoon, but much vexed with myself at being so sleepy—

January 15th

Methinks the events of this day should be recorded in most vivid red ink. My first glimpse of Grand Opera!! The San Carlo Grand Opera Company presenting “Carmen” —

Oh, those gorgeous colors! Oh, those glorious voices. Hopeless to attempt to explain— Michaela singing in that strange blue light — The passionate, taunting Carmen — The triumphant song of the Toreador — The heartbroken, hopeless Don Jose, with Carmen at his feet in death—

January 17th

Cross word puzzles! Were they ever so intriguing as when solved at the Beta Formal Dinner Dance? No, dear diary, never. Even dancing to cross-word lamps, and so sprightly the music it might have been cross-words too —

Egad! Methinks I must not forbear to mention my exquisite corsage—

Must to bed, albeit too a-twitter to sleep—

January 31st

Early up, and all the morning at-ness that I can discharge my indebtedness to my friends.

After luncheon, highly elated over the condition of my finances, I purchased most frivolous strapless dresses, to rival even the fairest. My escort took us to the Blue Bucket Inn, there to enjoy the entertainment of the Beach and Bar. Danced to programmes made complicated by most imposing legal terms. An uncommonly good time, but, Glory, how my feet do pain!
February 7th

All impatience during my four o'clock, and scarce able to follow the ramblings of my professor, so intent was I upon getting a hair curl before the evening's pleasures. Hasty dinner, hasty dressing, and thence to a frolic by Tau Kappa Iota. This occasion made memorable by an unusually merry time. M. F. breathless with news of a serenade—Must to bed hurriedly, not to lose a note—

February 8th

All a-quiver with anticipation this whole day! My first dance at the Phi Delta house!

Such a pretty house! A-hanging so gracefully the argent and azure streamers, so uncommon the lighting by quaint lanterns. I did much enjoy the dainty little cakes and the punch. My programme a continued thrill—Hoo! Hoo! I must to bed go, happily—

February 20th

Diary, I did do a most scandalous thing this day, and, alas, I did get cornered in it! Played truant from my afternoon lab, that I might adjust a most adorable party gowne arriving from my Mother by this day's mail. In the evening to the Blue Bucket, to attend the Military Ball. Very complaisant until beholding the name of my lab instructor on my programme—Albeit, he did kindly forbear mentioning it, although his eyes held a twinkle while saying that my ensemble betrayed great care—

Charmingly bedecked with flags was the ballroom. So immaculate the uniforms of the men, and so polished their boots, they did almost seem decorations too. I did joy over my programme, an uncommonly realistic replica of an officer's headgear.

A new song has been put into print, "Too Tired"—So expressive—

February 27th

Most difficult to come back to this prosaic world—Would that I could put into you, diary mine, the thoughts Spaulding put into his playing. Never have I heard such a depth of feeling, such a richness of notes, and through all such gladness—

I did love him even more in the pleasure which he found in giving—And how the audience clapped him—

March 7th

Awoke this morning in high spirits, anticipating what the night would bring forth. A futile attempt at studying—Most of the day at adorning me, but even then scarce ready when at half after six we did present ourselves at the Sigma Nu Dinner Dance.

A bounteous board, and meanwhile entertainment by M. S. and her versatile chorus. What fanciful costumes, and what intriguing steps—! And we did then dance in ecstasy to the strains of a most spirited orchestra! Quickly to bed to dream—
March 20th

This night across town to a revel at the Guild Hall, Sigma Pi Rho the hosts. I did most heartily approve of this hall, decked in spring like green and white, and of my matching programme, most dainty. It does most truly seem that each party I do attend appeals more than the last one—

March 21st

This morning and the whole day busy, albeit I did work cheerily, as 'tis said all play and no work makes Jack too dull—Egad! Should I become more stupid, I do fear me that this six weeks is my last—

Off in great good spirits to the S. A. E. Formal Dance, where I did enjoy myself to the utmost. Entering the ballroom, I did cry out upon espieing an enormous but albeit exquisitely finished likeness of the pin of this fraternity. Some lucky girl—

Rejoicing over my favor, I made remark to my partner that the days would spend more pleasantly when marked by such a charming calendar; Howbeit, I do find them fleeing all too rapidly now—

March 26th

Much elated! Four dates this school night. I feeling most con- to attend the All-College Play this scious of my new spring attire, we Romantic Age.”

This is a most finished produc- of the players. In Melisande I did the damseal of my acquaintance. Shall we too find romance in a cook book? So realistic the lighting effects—The warm sunlight in the room fading to shadowy dusk—The silvery moonlight—

March 27th

Alack, too many dates! Alas, this morning I did fail my quiz! Howbeit, even this gloomy knowledge could not dampen my spirits for long, for merrily off to an “I” Club dance at the Kappa Sig house. Very proud to go with an “I” man, and to enjoy such a friendly time. Now to bed in good season.

April 17th

What more lovely than a Grecian formal on a soft May night? The windows wide, the wind gently stirring verdant boughs, tall white columns reflecting the soft gleams of purple and green lights, mysterious melodies stealing forth from the classic orpheo, the picturesque old well, a-brimming with punch, and a graceful Grecian dancer—
April 18th

Spring! Awakened by the sun kissing my eyelids— This morning in hiking, tanning my hands and freckling my nose so that I did look most incongruous in my new flowered gowne. Nevertheless, a merry time at the Junior Cabaret Dance. The Blue Bucket Inn never appearing so spacious and entrancing as upon this occasion, a-bringing to mind a fragrant garden bathed in moonlight— A fanciful and chimerical revue— One more success for Junior Week.

April 25th

A—merry-making this day! Early up that we might hie us to Moscow Mountain for a bacon bat. Ah, how tantalizing the aroma of the coffee, the sizzling of the bacon, the crispness of the toast— Reluctantly home to bedeck me for the Sophomore Frolic. To the Gym, where I did soon forget my weariness a—revelling amidst the Black and White. Indeed I do fear I have much under—judged the sophomores, for a merrier party could not have been!

May 9th

Truly, for this one evening the freshmen reigned supreme, playing hosts at the Freshman Glee. The hall a—dressed in green and white, most spring-like and appropriate. All the evening dancing lightheartedly to the merry music of a neighboring orchestra. Methought this year's last All—college dance uncommonly successful.

May 13th

Up and about much earlier than usual, preparing for the many events of this day.

Methinks the campus did never appear so enchanting. The charming Queen wending her way from the garden, followed by her train— Her solemn coronation— Truly it is my aspiration to be the Page when a sophomore I become. A fairy—like pageant unfolded before us— A breathless hush during Mortar Board pledging—

In a gay party, we did enjoy supper on the lawn at Ridenbaugh. Faintly conscious always of the calm and peace of the early summer night— The lights twinkling out— Later a merry dance in the Gym.
Hesitantly to bed, dear diary, filled with inexplicable longings—
Stage
EVERYMAN, the Commencement Week play; He Who Gets Smitten, the annual Pep Band show; The Romantic Age, the annual varsity play; the spring musical comedy, the Junior Week dramatic attraction; the "Little Theatre Plays" by the Play Production group; and the annual "Stunt Fest", class day stunts were the results of the efforts of the Curtain, honorary dramatic fraternity.

The Curtain, the honorary dramatic society, has been responsible for the most important and interesting play given within the last year. At Commencement time, the year one thousand, nine hundred and twenty-four, this organization presented a modernized version of Everyman. Without destroying the beauty or the dramatic quality of the old English morality play, Talbot Jennings adapted it to the stage of today. For the sake of the audience confusing passages were translated. The various characters were vivified by showing them in scenes which Mr. Jennings sympathetically constructed for them. But most important, perhaps, in the presentation of this play, was the thoroughly modern stage treatment given it by Mr. John H. Cushman. The settings were designed to suggest the atmosphere of the piece. This effect was intensified by the lighting arrangements which employed color, light, and shadow to create the illusion necessary to a drama of man's fate.

As given by the Curtain, Everyman was divided into eight scenes, each of which marked a definite step toward the catastrophe. The first scene is in the Manor Hall where Death comes with his summons for Everyman. As the chief character appeals to his friends for company on his long journey, the action shifts to the street where Everyman meets Fellowship, to the home of Kindred and to the counting house of Riches. These last two characters are shown at occupations typical of their natures in scenes conceived for them by Mr. Jennings. The note of doom is sounded at the end of each scene by chimes which sound the hours as Everyman's doom approaches. The fifth, sixth, and seventh parts show the salvation of Everyman, and the final scene reveals him at the trysting place, meeting Death calmly. The entire performance was one of such dignity, beauty, and impressiveness, both from the standpoint of acting and production, that we hope the Curtain has established a tradition to handle each year at Commencement time a play of worth equal to Everyman.

The classes in Play Production have continued their excellent work. In these classes not only is acting developed, but stage technique, as well. They serve as a sort
of laboratory for the solution of stagecraft. A miniature stage with lighting equipment has been purchased in order that different effects in lights may be tried out before any attempt is made to use them on a larger stage. The value of this course is noted whenever an all-college play is given.

The third phase of dramatic work is found in the musical comedy which the Pep Band sponsors. The performance given this year was *He Who Gets Smitten*, in reality a fantastic musical play. In this play considerable care was given to costuming for the sake of brilliant effects. The settings for the more vivid scenes were Spanish and Oriental in nature and, consequently, gave ample opportunity for gay and dazzling effects. Perhaps the most unusual thing about *He Who Gets Smitten* as a play, was the inclusion of a fantastical and farcial episode and a tragic playlet within the larger framework of a piece essentially a light comedy. The hero of the piece wanders far in Spain and Turkey while he is unconscious from a blow which he has received in a fight with a burglar. A large chorus of singers and dancers gave the musical comedy flavor to the play.

*The Romantic Age*, a three act comedy, by A. A. Milne is just exactly what the title claims it to be. Mr. John H. Cushman was responsible for the excellent cast, for stage setting and lighting effects, and for the marked success of the play.

J. STANTON McLAUGHLIN.

The Stunt Fest, 1924
“A BIT OF RESEARCH”
Presented by the Class of ’26

THIS year in the annual stunt fest the Sophs starred, carrying away with them the prize. The stunt itself was a scene in the laboratory of a “Prof.” at the University of Alaska on the first day of June in the year 3001. It portrayed the “Coeds” as victors in the ever-present battle of supremacy between the “Eds” and the “Coeds.” Then came the surprise of the evening, the finding of a mummy by the students, who upon being revived told them of Old Idaho and all its glories of the many many years gone by.

“YE OLDE BONFIRE”
Presented by the Class of ’25

“THE BATTLE OF LEXINGTON”
Presented by the Class of ’24

“KIOTY COMES TO COLLEGE”
Presented by the Class of ’27

       Vernon Johnson.
ACT 7. Exit March - - - Junior Orchestra

STAFF

Director of Junior Week - Everett Erickson
Director of Revue - - - Sidney Yager
Orchestra Director - - - John Wagner
Quartette Director - - - Martel Archibald
Debate
Forensics

The Debate Department commenced the year 1924-25 with the avowed purpose of meeting only those institutions which may be classed as of major rank. As soon as we learned that the Oxford debate team was in the United States they were wired a challenge to defend the European attitude towards the League of Nations before the citizens of Boise. The significance of Oxford's acceptance is readily apparent when it is considered that they chose to meet only thirty Universities on the North American continent. The decision rendered by the audience; 456 for Idaho—389 for Oxford is also a significant feature of the contest.

The influence of the Oxford debate was more than local. It had hardly been concluded when Idaho was invited by the University of Washington and the University of Oregon to take Stanford's place in their Major Northwestern Triangle. We did not win the triangle but a victory over Washington and a very presentable appearance against Oregon has practically assured us our place in the triangle for the coming year.

The annual Women's contest with Whitman College and the University of Washington was a complete success. The no-decision method of judging was employed for the first time and the audience seemed to be enthusiastic over the matter and really enjoyed the debate. This was the first no-decision debate ever held on the Idaho campus and the remarkable interest and enthusiasm which it created has led many to believe that all our contests in the future should be conducted on the Oxford-Union plan.

In the annual triangle with Utah and Montana we fared somewhat better than in previous years, but the Utah jinx remains unbroken. Utah sent her representatives to Moscow this year and won from us again. Idaho's negative team at Missoula redeemed the situation of last year by bringing home a two-one decision.

Oratory is distinctly a minority sport here at Idaho and as a result the one hundred dollar Tri-State oratorical prize has not received the attention which it deserves. Mr. Simmons will represent us at the Tri-State contest in Seattle to be held sometime during the month of May and it is hoped that he will bring back the honors.

The least spectacular but probably the most important feature of this forensic year was the launching of Intra-mural debate. The difficulty which debating has experienced in the past is not the quality of support but the quantity. For its first year Intra-Mural debating has done exceedingly well and has added a substantial group to the supporters of forensic activities.

The quality of Idaho's forensics is steadily improving and it is no more than proper that we should acknowledge our indebtedness to the coach of oratory and debate, Professor William Michael. His inauguration of the squad system has given a large number of men and women an opportunity of engaging in college debates. In waiving the possibility of winning decisions he has developed a larger group of enthusiastic supporters of debate and oratory.
The Oxford Debate

ON DECEMBER 15, 1924, the University of Idaho Affirmative Debating Team met the Oxford University Negative Team, at Boise, Idaho. The affair was, from every point of view, a distinct success. The question debated was: Resolved: "That entrance of the United States into the League of Nations is undesirable."

No better question could have been chosen. William E. Borah, senior senator from Idaho, had recently taken a stand in favor of the outlawry of war, and Idaho citizens, as a whole, were extremely interested in the question. The phrasing of the question, moreover, gave the Idaho debaters the side consistent with American public opinion as expressed by the Senate, and gave the Oxford debaters the side consistent with the European policy. Add to this the fact that Idaho was meeting the famous Oxford Team, and the audience of approximately two thousand persons which filled the Boise High School Auditorium is easily explained.

Contrary to the usual case, this audience enjoyed the debate. The two teams represented two distinct types of debating. The Idaho team, composed of Francis Wyman, Edmund Beecher, and Hugh McKee, presented its case in the American style, logically outlining its argument and supporting each point with strong evidence and authority. The Oxford team, on the other hand, depended largely upon good natured raillery, anecdote, and clever repartee. Although the decision favoring Idaho, rendered by the audience, was probably justified on the merits of the argument, the entertaining qualities of the debate must be attributed, for the most part, to the easy delivery, fluent diction, and quick originality of Mr. Christopher Hollis, Mr. S. D. Woodruff, and Mr. Malcolm McDonald, who made up the Oxford group.

It must not be forgotten that a large measure of the credit for a successful debate is due to the Boise University Club and the Staff of the Boise High School. Their untiring efforts did much to insure the success of the debate, and the courteous and appreciative reception accorded both teams has given rise to the hope that another debate may be staged next year under the same favorable conditions.
The Washington Debate

ON THURSDAY, February 12, the Idaho Affirmative Debating Team, composed of Warren Montgomery and Hugh McKee, met the Washington Negative Team. The question was, “Resolved, that Congress be given the power, by two-thirds vote, to overrule decisions of the Supreme Court declaring acts of congress unconstitutional.” The influence of the Oxford debates, in which both Idaho and Washington had participated, was evident throughout. The debate was interesting to the audience, largely because both teams had adopted much of the informality and ease of presentation characteristic of the Oxford Team. The decision of two to one in favor of Idaho tends to show how closely the two teams were matched.

The Oregon Debate

WHILE the Idaho Affirmative Team was debating with the Washington Negative Team at Moscow, the Idaho Negative was meeting the Oregon Affirmative, at Eugene, on the same question. The Idaho Negative was composed of J. Leo Roberts and Francis T. Wyman. The argument was presented in excellent shape by both teams and, although the Idaho Negative lost by a unanimous decision, the debaters made a strong showing. This decision gave Oregon first place in the triangle with Idaho second.
IDAHO raised her standing in the Inter-Mountain triangle this year but the Utah jinx still remains unbroken. Herbert Wunderlich as first speaker and Edmund Beecher as second speaker met the negative team from the University of Utah, debating the question, “Resolved, That Congress should have the power, by a two-thirds vote, to reenact measures declared Unconstitutional by the United States Supreme Court.” The decision 3-0 in favor of Utah is no indication of the real character of the debate; it was a close contest. Utah was debating the better side and no doubt presented a preponderance of evidence.

ON THE evening of March 5, and at about the same time that the Idaho affirmative were meeting Utah, Arthur Peavy as first speaker and J. L. Simmons as second speaker were meeting the University of Montana at Missoula. The question was the same as debated at Moscow. According to reports which have been received it was a hard fought contest and an excellent debate. The decision is, of course, not the important part of a debate but the fact that the Idaho negative won together with the very presentable appearance which they made is a source of gratification to the supporters of Idaho Debate and Oratory.
THE WHITMAN DEBATE

The TRIANGULAR Co-ed Debate with Washington and Whitman played a very important part this year in the realm of forensic activities. The very current question that was discussed on January twenty-second was: “Resolved, That the Initiative and Referendum are valuable adjuncts to State Government.” Dorothy Darling and Jean Collette upheld the negative against Whitman College at Walla Walla.

THE WASHINGTON DEBATE

On the same evening Iva Silva and Louisa Martin met the University of Washington Women’s Debating Team in the first no-decision debate ever held on our campus. From every point of view this was probably the most successful debate of the season. A crowd of almost five hundred students and faculty members attended the contest and the girls responding to the interest and enthusiasm of the audience engaged in a brilliant encounter of argument and wit.
O ratory at the University of Idaho took on a new lease of life in 1921. In that year the University was invited to become a member of a triangular oratorical league which embraces the University of Washington, the University of Oregon, and the University of Idaho. This league has at its disposal a fund the interest of which brings $100 a year to be awarded as a prize to the successful contestant in each year's contest. Since our entry into the league we have taken part in four contests, and we have been successful in two of them. This makes our percentage, therefore, higher than that of the other two institutions.

The following students have represented the University of Idaho in the Northwest Oratorical Contests:

- 1921 Ralph Breshears—won.
- 1922 Rex Kimmell—won, but the decision was afterward disputed and the prize was divided with the representative of the University of Washington.
- 1923 Abe Goff.
- 1924 Everett Erickson.

The representative of the University of Idaho in 1925 will be Mr. James Lael Simmons. If the University of Idaho can continue to attain as high a percentage in these contests as it has in the past, our rank in oratory will be relatively as high as it is in debate.
BELIEVING that the students are actually interested in debate and that debating is a worthwhile activity, Idaho debaters have instituted several plans to bring this activity to the front. The common opinion of forensics has been that the participants are the only beneficiaries. It is true that the varsity debaters do benefit by participation; but if this activity is to be of campus importance, it must include the audience in its benefits and extend to include as many actual student debaters as possible.

Two objectives, then, present themselves. First, the students must be made to realize that debate can be made interesting; and second, that an interest in this activity will ultimately result in benefit to them. To accomplish these ends an organization was necessary. The honorary debating society, Theta Epsilon, was the result. A further step was taken in the creation of an Intra-mural Debate plan. The scope of the varsity debates was also widened.

Twenty teams competed for the cup offered by Theta Epsilon. In the semi-finals the following teams debated: Sigma Alpha Epsilon, Pi Sigma Rho, Kappa Sigma, and Delta Chi. In the finals, Sigma Alpha Epsilon defeated Delta Chi and won the cup. Sigma Alpha Epsilon was represented by Mr. Mahoney and Mr. Bertrand, and Delta Chi by Mr. Cromwell and Mr. Brabb. The questions debated ranged from campus problems to subjects of international scope. Those who have engaged in the series have benefitted from the experience and have manifested a desire to have the plan a permanent activity on the campus. The members of Theta Epsilon feel that in this favorable reaction lies ample compensation for their efforts.
THE MILITARY

Colonel E. R. Chrisman

The Reserve Officers' Training Corps is the visible source from which the nation must draw the vast number of trained junior officers who must lead its forces in the event of a great war. It has been proven that the leading of troops in modern combat requires a higher degree of efficiency and training than ever in the past, so by the wise forethought of Congress, a law was enacted whereby Military Science and Tactics shall be included in the curricula of all educational institutions receiving financial help from the government, such as land grant colleges.

The Military Department at the University of Idaho has long been recognized as an important unit of the University. This department has taken its place on an equal footing of importance and dignity with the other college departments. It has a definite course of theoretical and practical instruction, including discipline and training in the direct and practical methods of accomplishing results characteristic of military procedure which is one of the greatest benefits to the students in their future careers in civil life. Such a course enriches the educational resources of our University.

The Military Department is a growing unit. Each year there is an increasing interest in the advanced course which affords college men the opportunity to get a reserve commission in the Reserve Corps. The present strength of the Military units at the University consists of one regiment, which in turn consists of three battalions.

Each year the advanced course men have the opportunity to attend a six weeks' summer camp at Camp Lewis, Washington. Here the men are especially trained in marksmanship, scouting and patrolling, and in practical problems of tactics. The camp program consists of the practical application and theory of the rifle, automatic rifle, machine gun, Howitzer weapons, Tactics, Field Exercises, Field Engineering, Musketry, Scouting and Patrolling, Bayonet, Interior Economy, and practical demonstration by troops of all arms from the regular army.

At these camps which are entirely free from expense to the students, the government provides all equipment of latest design, including uniforms, furnishes transportation and subsistence and arranges for healthful recreation and amusement.
Regular Army Men

EDWARD R. CHRISMAN, Colonel U. S. A. Retired.
Colonel Chrisman has been connected with the Military Department of the University of Idaho for fourteen years. He is largely responsible for the growth and recognized importance that the Military Department now has.

CLAUDIUS L. LLOYD, Captain, Infantry D. O. L.
Captain Lloyd came to the University four years ago. Since he has been here he has instilled in the cadets a higher interest in military drill and tactics than has ever before been shown.

BENJAMIN B. BAIN, Captain, Infantry D. O. L.
Three years ago Captain Bain came to the University and expects to be here one year more. Captain Bain has proven especially valuable as an instructor in the use of the machine gun and the larger weapons.

CHARLES H. HART, JR., First Lieutenant, Infantry D. O. L.
This is Lieutenant Hart's first year at the University. There is no doubt but what he will prove to be one of the most popular instructors that the University has ever had.

EUGENE NAGELE, Staff Sergeant.
Sergeant Nagle has been connected with the Military Department at the University for over six years. He is not only an instructor but also handles all Military reports.

LONNIE WOODS, Staff Sergeant.
For the past five years Sergeant Woods has been connected with the University Military Department and devotes much of his time to the instruction of the first year cadets.
Regimental Cadet Band

BERNT NIELSON, U. S. A. Retired, Band Master and Instructor. 
AL. MARINEAU, Cadet Leader, Warrant Officer. 
CHARLES R. MOLL, Assistant Cadet Officer. 
ADOLPH EMSKAMP, Drum Major.

THE UNIVERSITY of Idaho Stock Judging teams, in contest with teams from California, Oregon, Washington, Montana, Utah and British Columbia, won first place at the 1924 Pacific International Livestock Show, held at Portland, Oregon, and kept up the excellent standard maintained for the past thirteen years of participation. The closest contestant was O. A. C., whom Idaho led by 8.4 points.

During the time that Idaho has been a contestant in judging, the teams have never placed lower than third, and nineteen firsts, eight seconds, and three thirds have been won by our teams. Idaho has always been a strong contender for first place.

Due to the excellent coaching of the Dairy team by Prof. F. W. Atkinson, the Animal Husbandry team by Prof. C. W. Hickman, Dairy Products by Prof. H. A. Bendixon, Grain Judging by Prof. H. W. Hulbert, and Poultry by Prof. R. T. Parkhurst, these individual teams have won high honors. Individual members of those teams also placed very high. The Agricultural shows participated in by Idaho's teams were The Pacific International at Portland, the Western Royal at Spokane, and the Northwest Livestock Show at Lewiston, Idaho.

The interest of the student body in judging team work has been shown by making it a department in the A. S. U. I., giving the judging teams the right to represent the University at the contests, in the same class as athletic teams. This is to the mutual benefit of both the school and the team.

The stressing of competitive contests in useful work is the demand of many people, and the University can do no more to increase the approval of the taxpayers of the state, than to recognize and support the judging team work. Prospective students are converted to Idaho, by the success in this field. By proof of our superiority in such work, we can easily convince all Idaho boys and girls, that the University of Idaho is the place of greatest opportunity for them.

IN THE good old days the English Club was a popular organization to which everyone belonged and which no one attended except once a year to elect officers. In 1917 Dr. G. M. Miller came to Idaho as head of the English Department. From that time, as a result of his efforts, the English Club has been one of the most active organizations on the campus. In addition to stimulating an interest in English through regular programs, the club each year has made a definite contribution to dramatic or literary activities on the campus. It first revived dramatics, a department now directed by "English 37" and "The Curtain". In 1923 the club sponsored "The Blue Bucket," a student magazine which has now been taken over by the A. S. U. I. This year the club has maintained a circulating library of new fiction. The books have been in constant demand, and have been made conveniently accessible to the students.

Eligibility to membership is based upon excellency and interest in English, and upon participation in dramatics, publications and debate. English instructors and English majors are ex-officio members.

"THE CURTAIN" is a dramatic fraternity composed of student and faculty members who have passed certain eligibility requirements in dramatic work at Idaho in acting, playwriting or play production. The purpose of The Curtain is to further dramatic activities at the University of Idaho; to make a study of acting, playwriting and play production; to establish on the campus certain ethics of the theatre; to make possible an annual tour of the state by properly qualified University players; to encourage, through its alumni the production of desirable amateur plays throughout Idaho.

THE "I" Club is an organization which includes all men of the University who have been officially awarded a letter for participation in intercollegiate athletics according to the provisions of the Associated Students organization. It was formed as a common meeting ground for all athletes, to aid in keeping Idaho athletics clean, and to build up the University's athletic activity.

THE PURPOSE of the Westminster Guild is to train young women for leadership and to develop a symmetrical young womanhood. Membership is extended to any woman of Presbyterian preference who is in sympathy with the purpose of the organization. The University Chapter of Westminster Guild was organized in 1922 and is affiliated with the national organization of Westminster Guild.

Meetings are held monthly throughout the school year. The two special events are an annual banquet and play which are given by the members of the chapter.
The Ag Club

WALTER BYRNE

THE AG CLUB is composed of all students in the College of Agriculture. Its purpose is to further extra curricula educational studies, to promote various club enterprises, and for social activities. The annual “Ag Day”, when the students engage in judging contests in all departments of the college, is becoming nationally known, and is one of the best functions of its kind in the country. The “Ag Bawl” is their main social event of the season.

University of Idaho judging teams, composed of members of the Agricultural Club, hold an enviable place in the ranks of all teams on the Pacific Coast. Each year there are intercollegiate meets in animal husbandry, dairy cattle and dairy products, poultry and grain judging.

**The Associated Miners**, more commonly known as the “Muckers’ Club”, was organized in 1899. Its membership is composed of the faculty and students of the School of Mines.

Meetings of the Club are held every two weeks. Talks are frequently given by prominent men in the mining industry and by members of the faculty.

Each year the Club holds its “Muckers’ Ball” in the gymnasium, and the “Muckers’ Smudge,” an all-college smoker.

The HOME Economics Club was organized for promoting good fellowship among the girls of the department and an interest in Home Economics work. All women in the University who are enrolled in Home Economics are members of the club. The girls have charge of the Co-Ed Prom, and in the spring an exhibit is given of the work done in the department.

The Young Women's Christian Association is a Christian organization open for membership to every girl on the campus. The organization is a world-wide one and aims to lead students to faith in God through Jesus Christ; to lead them into membership and service in the Christian church; to build them up in Christian faith and character, especially in the study of the Bible; to influence them to devote themselves in united efforts with all charity in making the will of Christ effective in human society, and to extend the Kingdom of God through all the world.

The Washington Club was organized for the purpose of creating a friendly spirit among the students from Washington and also for the purpose of bringing students from Washington to the University of Idaho. Through the work of the Club many students have been attracted to Idaho.

All students and faculty members at the university who are from the State of Washington are entitled to membership in the club.
Associated Women Students

OFFICERS

President - - - - - BERTHA GLINDEMAN
Vice President - - - - - GLADYS PERRY
Secretary - - - - - HELEN HONNOLD
Treasurer - - - - - ORA BUDGE

The Associated Women Students of the University of Idaho is composed of all women students in the University. It is a self-governing body which works with the Dean of Women in caring for the women students. Its purpose is to promote women's activities and create a feeling of co-operation among the women.

MEMBERS of the Engineering faculty and all students registered in the college of Engineering are eligible to membership in this organization. Its purpose is to bring a closer relationship between the different departments of the college, and give a broader understanding of engineering and all allied subjects. To accomplish this, various social activities are held during the year, and prominent practising engineers are obtained to speak on technical subjects.
Square and Compass

Founded at Washington and Lee University May 12, 1917.

University of Idaho Square installed February 23, 1922

COLORS: Navy Blue and Silver Gray

Square and Compass is an organization of Master Masons composed of both faculty and student members. At the present time there are 48 active chapters located in the various universities and colleges throughout the United States.

Muttkowski

THE PRE-MED Club was founded on this campus in 1913. It is composed of students registered in the Pre-Medic curriculum, those anticipating the study of Medicine. The purpose of the organization is to develop a spirit of fellowship among those students and to gain, at intervals, surcease from the travail of a more or less diversified and exacting curriculum. Smokers are held at which the spirit of good fellowship is more emphasized than the serious phases of science. On occasion, however, local or visiting men of note in the field are prevailed upon to speak. Other social events may or may not be indulged in. The only grounds for expulsion of a member, aside from utter moral default, being proof of his avowal to enter the fields of either Chiropractic or Christian Science.
The Press Club

OFFICERS

President - - - - - WALLACE BROWN
Vice President - - - - - JAMES KIELDSON
Secretary-Treasurer - - - - - GEORGE BURROUGHS

The Press club was founded by students and faculty members who were interested in collegiate journalism. It is their aim to foster everything worthwhile in Idaho's publications.

Mr. Mason
The Bench and Bar Association was organized in 1912. Its membership includes all of the students regularly enrolled in the College of Law. The purpose of the Association is to effect a unity of action among the students and faculty and to preserve and enrich the traditions of the law school. The Association has established and maintained the "Honor System" in the law school for several years; it is responsible for the "Lawyer's Court" and other things of benefit to those studying law. It is through the Association that prominent lawyers, judges, and men of note in law, are brought to the school to speak before its meetings, and in this way the law school is kept in touch with new developments of the law in the courts of this state and of the neighboring states.

This organization is composed of Greek letter men and women whose fraternities have no chapter on the local campus. Although strayed from the fold, these students have found a common meeting ground, and their organization is to further and promote that interest.

CATALOG

OF THE

University of Idaho

WITH ANNOUNCEMENTS FOR 1924-1925
The University of Idaho was founded some time ago about 1889 and has been located in the little village of Moscow ever since. The metropolis of Moscow was even tinier when the university was started than it is today; in fact, in those early times the town pump was no more than an eye dropper. Moscow was founded and named by the notorious Russian explorer, Count Ivan Afulitch during the winter of 1866. Little did this fearless explorer think that the town that he had named would some day become the seat of the state institution of higher learning. If he had, he would have kicked himself down Third Street, torn up the plans, thrown away the key to the city, and saved himself and everyone else a lot of trouble.

Count Afulitch came to North Idaho about two miles in advance of the sheriff of Whitman County, Washington. The Count and the sheriff made friends and laid out the city of Moscow. Some difficulty arising about the location of the first saloon, the Count laid out the sheriff. Since this time Moscow has grown occasionally and today has two stores, fifteen pool halls, twelve dance halls, one church, and three undertakers.

The memory of Count Afulitch has come down to the present time, and today his bust may be seen in the right portico of the cow barns. His ever present influence is felt on the campus every year, and the university wrestlers have recognized this and made Count Afulitch their patron saint.

The village of Moscow lies close to several important railroad lines of the Northwest, but not close enough however to allow the sound of the passing trains to interrupt the beautiful tranquility that prevails at all times. The Weippe Flyer arrives in Moscow at 11:55 and leaves at 11:55 1/4. Besides this there is the Tri-Weekly Railway; it comes in one week, and tries to get out the next.
The most popular building on the campus is Fordenbaugh Hall, the home of the co-ed, when she is home. The girls rooms are divided into (1) a large make up room and (2) a small study room. The Men's Dormitory, a spacious scholastic retreat, is located conveniently near. A bus line regularly operates between these halls and important downtown points such as Rowland's Park, Genesee Ridge, and the city park. Another bus line, in connection with the Lewiston Police Department runs between Moscow and the Metronome, leaving at half past seven on Thursday and returning on schedule time at the whim of the Lewiston officials.

Fraternity and Sorority houses also occupy a place on the campus, but the university refrains from committing itself further. Scattered here and there on the outskirts of our campus are miscellaneous food factories and ice cream parlors where hot groceries and light refreshments are served for the convenience of the collegians.

The Arboretum

Adjoining the campus on the South is the Arboretum which is composed largely of grass and trees. The Arboretum plays a large part in the education of the eds and co-eds every year and is perhaps the most popular and best loved spot on the Idaho campus. The regular night labs offered by the College of Campuistry begin in the Arboretum on the night of the arrival of the Special and last nearly the whole year, with the exception of a short period during the winter months when the cold weather and the snow make it inconvenient. Attendance at these night labs is very regular even though the huge number of students enrolled make it necessary for most classes to be conducted without the aid of college teachers. A large number of student teachers are used in these courses and they have proved highly satisfactory. The apparent inconsistency of frequently changing instructors is not a sign of weakness in the system, but rather is due to a desire for information on several different teaching methods.
Buildings on the Campus

MESSENGER'S GARAGE, which stands in splendid isolation on the Southeastern side of the Administration Building is one of the most imposing and beautiful buildings on the University of Idaho campus. It is constructed of red brick and four walls, and is of the popular Tudor-Gothic type of architecture. It is here that the college boys come during the noon hour to gaze with awe upon the shining wheels and glossy seat of Dean Messenger's steam heated bicycle.

THE COW BARNs, which one may run across out among the rolling hills about half a mile from the campus, are surrounded on all sides by contented cows. This quaintly beautiful building symbolizes the epitome of Idaho's architectural designing and coloring with its harmonious lines, dignified curves and delicate agricultural odor.

HARMONY HALL, a beautiful one room structure, is judiciously located at considerable distance from the other buildings, and is charmingly set in a grove of two rose bushes, a skunk cabbage, and one fir tree. This enormous edifice houses two glee clubs, a string quartet, Orlo Bangs, and one wheezy radiator.

THE UNIVERSITY INFIRMARY is the home of one iodine bottle, five thousand C. C. pills, and one good looking night nurse. This spacious building and its three (3) beds are always at the disposal of the student body between the hours of 8 and 9 in the morning.

THE ORIOLE NEST, with its tall spires and its ivy covered gables is a delightful retreat for those wishing rest, solitude and good coffee.

THE NEW MEN'S DORMITORY, for which plans have been drawn by Professor Rudolph Weaver and Sergeant Nagele will be constructed immediately sometime between now and 1950.

THE GREEN HOUSE is located conveniently near the campus and is easily found by all the students, even on the darkest nights. Both of the university plants and one night watchman are found here.

THE AZURE PAIL is a two story brick building equipped with a cafeteria and a cash register.
The faculty of the University of Idaho is composed of seven intelligent teachers who have endeared themselves to the hearts of the student body. Besides these the University points with pride to the registrar and the leader of the local glee club.

The large number of faculty members and the comparatively small number of students make it possible for each student to get the maximum of special attention. On the warm spring days when classroom work is not deemed advisable the students may be seen playing leap frog with the professors under the pleasant shade of the spreading elm trees outside the main entrance to the Administration Building.

Under the able instruction of Julia Hoyt, Mr. Hoyle, and Dean French, the faculty now observes all those little niceties which mean so much to our cultural education. Invitations are mailed to the students for all classes requesting their attendance. This is only one of our many lovely social customs.

THE COLLEGE OF CAMPUS TRY

cordially invites you to attend the night laboratory to be given in the Arboretum on Thursday Evening, May 29th, 1925, from sometime until later.

R. S. V. P.

TYPE OF INVITATION
UNIVERSITY ORGANIZATIONS

FRATERNAL.

FRATERNITIES.—A fraternity is a group of men living together under adverse conditions and bound together by the same pin. Members of these groups hold weekly meetings to try and collect house bills and to blackball all those who are proposed for membership. Besides this they wear fantastic chunks of hardware tacked on some prominent part of the vest.

SORORITIES.—The feminine gender of fraternity is sorority. College sororities were invented by Lydia E. Pinkham and since that time have spread so rapidly that today no college is complete without them. The sorority girls take an active interest in the affairs of the campus; in fact, everything and everybody is discussed very thoroughly, frankly and sweetly at any of their charming meetings or fireside truth parties.

HONORARY.

RHO RHO RHO.—This is an honorary society composed of those who have distinguished themselves on the University Crew. Annual regattas are held on the spacious waters of Paradise Creek with the neighboring colleges and universities. One of the gala days in the calendar of the students of Idaho is the annual regatta with the Moscow Barber's College, when huge crowds of ten and twelve people assemble to watch the teams of the two rival institutions battle with the waves.

LA SOCIEDAD LITERARIA ESPANOLA.—This is composed of those students who maintain an A average in the language of the bull throwers. Both of these students are very fond of the romantic Spanish tongue, and proudly claim garlic as their favorite flavor. The club promotes interest in Spanish dancing, Mexican Athletics, and bell bottom trousers.

THE SILVER FLASK.—This is an organization composed of all Seniors who are not on university probation, and some who are. They must be carrying at least three hours of university work and must have shown a tendency, if nothing else, to distinguish themselves in college activities.

ALPHA MU DELTA.—This is an association of law students who are sworn to knock Phi Alpha Delta.

PHI ALPHA DELTA.—This is an association of law students who are sworn to knock Alpha Mu Delta.

SCABBARD AND BLADE.—This is an organization of men who are majoring in Boy Scout work.
CLUBS.

THE HOME EC. CLUB.—This is an association of women who are preparing for culinary murder.

THE COSMOPOLITAN CLUB.—This club is composed of students of the University whose homes are outside of the United States. Its present membership includes one Jap, three garlic snappers, two cocoanut dodgers and one Missourian. Meetings are called every now and then, but are adjourned as soon as all members find out that no one can understand anyone else.

THE AGRICULTURAL CLUB.—This is an organization of men who do not wear rubber heels.

THE ENGLISH CLUB.—This is an association of grammarians who foster literature and theme tablets.

Publications

THE ARGUE NOT is published every once in a while by the associated students, and reminds every one of the Police Gazette, because it is so different.

THE SORORITIES are a great help in the spreading and propagation of news scoops which are too good to keep until the following issue of the Argue Not.

THE BLUE BUCKET is devoted to the uplifting and elevating phases of literature. It comes out frequently under the auspices of George Morey Miller, and a group of readers interested in the aesthetic and poetical await each issue with eager anticipation. These students, both of them, claim that they like it very much. One issue was turned adrift under the guise of collegiate humor; that was the funniest crack in it.

THE IDAHO ENGINEER is a general favorite, and semi-occasionally startles and thrills the campus by its appearance. Its pages read like those of Horatio Alger or Zane Grey and the charming pictures may be seen decorating the walls of any athletic, red-blooded co-ed's boudoir. How the students scramble to get one of the cherished copies and how eagerly they turn to read the articles on Archaeological Calculations.

THE GERM OF THE MOUNTAINS is the university's rogue's gallery. Numbers corresponding to the photographs may be found in Warden Olesen's office.
Scholarships and Prizes

ROADS SCHOLARSHIP.—Selections are made on the basis of high scholarship and fondness for the manly sports such as dominoes, poker and co-ed chasing.

Roads for the past five years are:

1921—John "Fat" Cluon, '02
   Lincoln College, Sheep dipping.
1922—Ted Turner, Sr., '03
   Christ College, Scientific flunking.
1923—"Chick" Simel, '07
   Imbroke College, Ford Engineering.
1924—Fred Kling, '07
   Hereford College, Saturation and Equilibrium.
1925—John Engelson, '07
   Barber's College, High Finance.

MARKSMANSHIP AWARD.—Through the public spiritedness of the Alumni Association, there has been offered a fur lined cuspidor to the first student or Phi Delt who will shoot our song leader. The shooting must take place during the third period on Wednesday and cannot begin until the party has reached the stage and raised his arms to start "On Old Edahoe". Scholastic standing or religious leadership will not be considered in awarding this prize.

LAWYER'S ESSAY CONTEST.—A reinforced and hand carved pitch fork is awarded annually to the member of the College of Law who presents the best essay on the subject of "Idaho's Three Muses, Robert, McNair, and Davis." All essays must be written on some sort of substantial paper and be submitted to Mr. Phat Stephens, instructor in Horning and Stalling, College of Campustry.

TROMANHAUSER HUNTING AWARD.—A paper mache statue of Art Golden is the beautiful trophy offered by Doctor Trommanhauer for any university student who will kill or capture a specimen of that strange species known locally as "Phideltquartet". These animals may be seen on every moonlight night in front of some sorority house, baying at the moon. All specimens must be turned in to the modern language department within three weeks after being killed.

BORAH DEBATE PRIZE.—In 1907 Senator William E. Borah established an annual debate prize of Fifty Dollars to be given to that student who could talk Ella Olsen out of any credits.
Regulations

1. CREDIT is a term used for something which the faculty gives and which Ella takes away.

2. GRADES are reported as A, B, C, D, E, F, etc. All students who fail to pass will get H.

3. PROBATION is the status of all students in the Law School.

4. ATTENDANCE is desired of all students unless other duties interfere. Written invitations are sent to all students to attend classes. (See page 344 of the catalogue.)

5. REGISTRATION is the process of extracting money from fifteen hundred cheerful givers.

6. THE GREEN CARPET is a beautiful Oriental rug in the corner room.

7. CLASS RATING.—More definite information may be secured on this subject by applying to Con Dewey or “Chick” Sinsel.

8. CHANGE OF CURRICULUM.—A student may change his curriculum whenever he finds his subjects irksome.

9. SIX WEEKS is an academic adaptation of the torture chamber.

10. EXCUSES FOR ABSENCE.—In order for a student to be excused for absence he must do the following:
    1. He must be absent.
    2. He must be on good terms with the State Governor.
    3. His right hand must be capable of heavy work.
    4. He must be darn lucky.

Loan Funds

MOSCOW MERCHANTS LOAN FUND.—This fund is administered by Vic Cameron.

THE ALEXANDER CLOTHING FUND.—This is a wardrobe of considerable extent which is loaned to all deserving men who are contemplating a keen date at the Gamma Phi House.
Special Courses

ENG. 50. GAS ENGINES. 2 credits Each semester
This course is a prerequisite for Mexican Athletics. The text book used is Miller’s “Single Handed Conversation.” (Miller)

HOME EC. 66 COSTUME DESIGNING. 5 credits Each semester.
The principles of color and design and their application to the practical demands of the costume for various types of people, figures, and occasions. The next book for this course is Kleffner’s “How to be well dressed.” (Mathieu)

LAW 23. PROHIBITION ENFORCEMENT. 2 credits Each semester.
This course is a prerequisite for liquid serenading. The text is Johnny Horton’s “Stumbling all Around”, (Shultis)

ENG. 13. AMERICAN LITERATURE. 1 credit First semester.
The study of the finest in American literature. The text book used will be the “Blue Bucket”. (Stubblefield)

FOR. 11. RECREATIONAL USES OF THE FOREST. 5 credits Spring semester
A study of the forest from the viewpoint of the hunter. (Walker)

C. E. 15. REINFORCED CONCRETE. 2 credits Each semester.
The theory and practice of hard boiling. (Nagele).

SOCIOLOGY 1. THE IMMIGRANT PROBLEM. 3 credits. Each semester
A study of the forms, idiosyncrasies, and ethnic characteristics of all out of the state students. The text book used will be Harlan’s “Tennessee and its ridge runners.” (Guernsey)
The equipment of the College of Practical Agriculture consists of two acres of stamping grounds, one plow, and an abundance of pure bred bull. At the opening of the school year each student is furnished with a new, hand painted shovel which is replaced free of charge in case of breakage. It is the tradition that these shovels are notched for each record throw.

BUILDINGS AND EQUIPMENT

The students of music have at their disposal seven sound proof rooms and an abundance of musical instruments, including five shriek producers, three jew's harps, 2 harmonicas and a bassoon. Stubblefield's Adagio in G I'm Flat has been arranged for all these instruments. Edwin Orlo Bang's super production, "Ragtime Cowboy Joe" has been the leading feature of all the glee club concerts for the last few years and may be expected to furnish the "piece de resistance" for the next twenty.

CAN YOU CONTROL YOURSELF?

IF NOT COME TO THE UNIVERSITY OF IDAHO

LET US TRAIN YOU

ARE YOU IN A RUT? IF NOT, COME TO THE UNIVERSITY OF IDAHO

7 profs., 2 class rooms, and the cow barns are at your disposal. Sounds too good to be true, doesn’t it?

Prominent men who have taken advantage of this glorious opportunity include Ray Currie, Frank Neal, Payton Hurt, George Oliver and Johnny Eagleson.

Where will YOU be ten years from today. We point with pride to the fact that our alumni are located in federal institutions throughout the country.

DON’T DELAY AN INSTANT—Fill out the coupon and mail it to Emil Strobeck or Runt Pettibone.

If interested in any of these courses put a cross in the blank.

ENGRAVED WEDDING CARDS

While Wedding Invitations and Announcements may seem as unvarying as wedding traditions, both make subtle concessions to the passing of time. By combining the correctness of such traditions with the most distinctive characteristics of the modern manner, we maintain a "golden mean," that perfect balance between extremes.

Characterized by exquisite hand engraving and many exclusive styles of lettering—our Wedding Stationery is correct and distinctive.

Samples furnished on request.
CONFERENCE Colleges presented more than 3000 Letter Men last year with *Wil Wite* Award Sweaters.

A surprising number of smaller Colleges and High Schools also presented these sweaters to their athletes.

SEATTLE, U. S. A.
"If you won't kiss me, I'm going away."
"Go as far as you like."
—Oregon Ag. Orange Owl.

He: "Would you be my wife?"
She: "Ohh—yes."
He: "And you would marry me?"
She (breathlessly): "My darling!"
He: "Then you really are willing to be my wife?"
She: "Yes, yes."
He (murmuring to himself): "I think that settles it; I believe I shall propose."

Illinois Siren.

Father: "What was the hardest thing you learned at college?"
Dutch: "How to open beer bottles with a half dollar."

We make "impressions" that make an IMPRESSION!

Your printing is your representative. It establishes the character of your concern in the minds of customers or "prospects." It's vitally important that the impression it creates be a favorable one. The difference in cost between good printing and poor is a trifle; the difference in results is immeasurable.

LUMBERMEN'S PRINTING CO.
133-5 Henry Building MAIN 3106
SEATTLE, WASHINGTON
Dick (with usual passion): "I know I've just met you this evening, but won't you give me just one kiss?"

Tess (with usual disdain): "Huh, just because you're a ham, don't think you're swift."

Hogan: "What are you going to do with your degree if you get it this year?"

Mix: "Give it to the old man. He paid for it."

Frank: "Just the same, you gotta admit my girl throws a good line."

Art: "It must be, from the number of fish she's caught on it."

Bung: "Waiter, a rum omelette."

Peerless: "Same—without the eggs."

A Tailor With a Conscience

SPOKANE

George: “Poor Chick smashed his car and got pinched yesterday.”
Patch: “Really? What was the charge?”
George: “Driving under the influence of women.”
>++
Shorty: “You certainly have a trim little waist.”
Mary: “You’re right, there’s no getting around that.”
>++
John: “Scoop is going to be married next month. She must be very wealthy.”
Dick: “What makes you think so?”
John: “He showed me her picture.”
>++

News Item: Women are advised to eat carrots as a means to beauty.
An S. A. E.: “I see now why Disney is feeding us so many carrots.”
George says: "Love a little girl lots and not a lot of girls a little."

Sid: "I found this hairpin in my pocket. Is it yours?"

Annie Marie (severely): "No, I use brown hairpins. This is black."

Sid (brightly): "Hm. Guess my fountain pen's been leaking again."

Blaine (at class meeting): "The chair does not recognize you, Miss White. Sit down."

Miss White: "Oh, you stuck-up thing! I was introduced to you last week."

Crab: "I asked her if I could see her home."

Wilks: "What did she say?"

Crab: "She said she would send me a picture of it."

We make a specialty of crests, loving cups and medals for every occasion.

Calvert: “What ya think, Lillian, I’m out for spring practice!”
Lillian: “Oh, Arnold, ain’t that lovely. How far can you spring?”

Father (on long distance): “Hello, John. Why didn’t you make better grades?”
John Eagleson: “Can’t hear you, father.”
Father: “I say, couldn’t you make better grades?”
John: “I can’t hear you, father.”
Father: “I say, John, do you need any money?”
John: “Yes sir, send fifty dollars, father.”

D. G. Frosh: “I know something I won’t tell.
Senior: “You’ll get over that when you’re a little older.”
Dale: “You can’t sleep in class.”
Hutchinson: “I know it. I’ve been trying for half an hour.”

“How is your son getting on in college?”
“He’s doing very well in languages. I just paid for three of his courses—ten dollars for Latin, ten for Greek and fifty for Scotch.”
—Cougar’s Paw.

Phil: “How long will I have to wait for a shave?”
Barber: “Years, sonny, years.”

Bob Scott: “Give me a match.”
Bill: “Here it is.”
Bob: “Well, can you beat that? I’ve forgotten my cigarettes.”
Bill: “‘S too bad, give me back my match.”

PUTTING THE GOLDEN RULE INTO BUSINESS

The large buying power of our hundreds of Stores would be of small consequence if an ideal was not behind it.

The remarkable growth and success of this Company would have been impossible without that ideal.

Serving all alike always and serving well has won hundreds of thousands of friends for our Stores and our high-grade goods.

Departure from this business ideal would not be serving you as we ourselves would like to be served.
"What made Helen turn Wallie down?"
"He was a printer and she didn’t like his type."

Jeff Stone (at dinner table): Why don’t you put your feet where they belong?"
Fat Stevens: "If I did you would not be able to sit down for a month."

Hubble: "You're an hour late. What do you mean by keeping me standing around like a fool?"
Bertha: "I can’t help the way you stand."

Hank (to roommate struggling into a dress-suit): "Got a date?"
Jim: "Naw! I'm just trying to remember a keen cuss word I invented last time I put this—!*—!* thing on!"

**AFTER THE PROM**

As Told in 1874
Went to the Junior Prom last night and had a very good time. Met an ideal girl. By Jove, she was lovely. Eyes like a sky in June, and reflections in them like a deep pool. Had the funniest feeling down my spine when she looked at me. Asked her if I could call, and she said “Yes” with the most dazzling smile I have ever seen.”

As Told in 1925
Dragged out the Junior Hop the other night and most of this morning and met a mean woman. Oh Boy! Could she shake a wicked foot. Can a lion chew? She certainly is easy on sore eyes. And maybe she doesn’t know her stuff. Can’t remember her so clearly on account of the fog. Am going to call this mama up soon and get a Sunday dinner date.

THIRD AND MAIN

He: "Are you going to be busy tonight?"
She: "I can't tell. This is my first date with him."

Routine Stuff
Frosh (to fraternity brother): "Someone wants you on the phone."
He: "Well, if it's a girl, tell her I'll be there, and if it's a man tell him I'll take a pint."
—West Virginia Moonshine
