The Circulation Desk is where you can check out materials and pick up course reserves with your Vandal ID. Curbside pickup is also available. Librarians are available to help you with your questions about research, library resources, and more. You can get instant help through chat or instant message or contact a librarian via email or Zoom. You can also make a socially-distanced in-person appointment.

You can make an appointment with the Special Collections and Archives staff to access the unique and rare materials, including many primary sources, that are housed in Special Collections.

The Library is home to a satellite Information Technology Services Help Desk. ITS staff can help you with your computer and printing needs.

The Map Room is home to the physical portion of the University of Idaho’s map collection. Email rattebur@uidaho.edu for access.

The Making, Innovating, and Learning Laboratory (aka The MILL) is the library’s makerspace. You can find tools and equipment here to make buttons, vinyl stickers, your own 3D prints, and so much more. The MILL is currently closed until further notice, as part of our ongoing COVID-19 response.
Second Floor

Collaborative Zone

Tutoring and Writing Center
Tutoring & College Success offers drop-in tutoring at no additional cost to undergraduate students. No appointments are required and support is offered for a wide range of subjects.

Periodical Stacks
Most of our periodicals (a periodical is a magazine, journal, newspaper, etc.) are available electronically through the library databases, but our print periodicals are found on the second floor. These big books with covers in the same color are actually bound periodicals, which are just several issues of a magazine or journal bound together with a hard cover. The call number for periodicals start with “Per.”

Main Stacks
The Main Stacks are the University of Idaho Library’s primary book collection. The books are organized using the Library of Congress system. The Main Stacks end on the second floor with T-Z, which includes the subjects: Technology, Engineering, Military Science, and Library Science. A more detailed breakdown of Library of Congress Call numbers can be found on our Book Locations page.

CDIL
The Center for Digital Inquiry and Learning (CDIL) works to advance digital scholarship opportunities at the University of Idaho. It is closed until further notice as part of our ongoing COVID-19 response.

DVDs
The library has an extensive collection of DVDs and also offers streaming video for the classroom and personal use of the UI community. Our holdings include feature films, TV series, concert films, documentaries, and more.
Main Stacks

The Main Stacks are the University of Idaho Library’s primary book collection. The books are organized using the Library of Congress system. The middle part of the collection continues on the third floor with H-S, which includes the subjects: Social Science, Law, Education, Music, Fine Arts, Language and Literature, Science, Medicine, and Agriculture. A more detailed breakdown of Library of Congress Call numbers can be found on our Book Locations page.

CDs & LPs

The Library has a collection of CDs and LPs available for check out.

Microfilm

Older issues of the Library’s print newspapers and some other documents are available on microfilm. They can be viewed with the specialized microfilm readers.

Study Rooms

The library’s first come, first served study rooms on the 3rd and 4th floors are currently closed as part of our ongoing COVID-19 response.

Graduate Study Carrels

Study carrels are available to UI graduate students who have an approved thesis or dissertation topic and who do not have an assigned office, desk, or carrel elsewhere on campus. Carrel applications are available online and at the Circulation Desk.
Main Stacks

The Main Stacks are the University of Idaho Library's primary book collection. The books are organized using the Library of Congress system. The Main Stacks begin on the 4th floor with A-G, which cover subjects like Philosophy, Psychology, Religion, History, Geography, Anthropology, and Recreation. A more detailed breakdown of Library of Congress Call numbers can be found on our Book Locations page.

Boise Cascade Assistive Technology Room

The Boise Cascade Assistive Technology Room is home to the Center for Disability Access and Resources’ assistive technology lab. This space features an array of assistive technologies including hardware and software designed to assist students with disabilities. To find out more, visit the Center for Disability Access and Resources' (CDAR) webpage on Assistive Technology.

Northwest Knowledge Network

The Northwest Knowledge Network (NKN) provides data management support and applications for UI researchers and their collaborators. Learn more about NKN.
