University of Idaho Open Access Publishing Fund

Report for FY 2019

As a land grant university, the University of Idaho seeks to “shape the future through innovative thinking” and “expand the institution's intellectual and economic impact” (The Office of the Provost & Executive Vice President, “[Strategic Plan and Process | 2016-2025](#),” University of Idaho).

The U of I – Open Access Publishing Fund (OAPF) supports this vision by making the innovative research conducted at U of I as widely accessible as possible.

Supporting open access models of publication demonstrates that U of I embraces equity of access, which is a catalyst for increased impact and visibility throughout the state, nation, and beyond.

During the pilot year (FY 2019), the U of I Library, Office of the Provost, and Office of Research and Economic Development allocated a combined total of \$30,000.00 to pay article processing charges (APCs) in eligible open access journals.

Strategic Goals

Open access and the U of I – OAPF support the [U of I's Strategic Plan](#):

- *Goal 1 – Innovate*: Heighten the visibility of the University of Idaho’s research, innovation, scholarship, and creative works.
- *Goal 2 – Engage*: Reduce barriers related to accessing the University of Idaho’s research, innovation, scholarship, and creative works.

Metrics for FY 2019

Applications

- 23 of 28 applications met all eligibility criteria and received funding
 - 16 of the 23 funded applications (69.5%) included more than one currently affiliated University of Idaho author

Recipients

- Supported 51 University of Idaho affiliated authors across 4 colleges and 15 departments/programs/centers, 1 institute
 - 7 authors received U of I – OAPF funding for more than one article

Recipient Demographics

- Number of U of I – OAPF recipients, by rank
 - 25 faculty members
 - 7 staff members
 - 1 professor emeritus
 - 5 postdoctoral researchers
 - 10 enrolled graduate students
 - 3 enrolled undergraduate students
- Number of U of I – OAPF recipients, by college and institute
 - College of Agricultural and Life Sciences (8)
 - Administrative Team (1)
 - Department of Animal & Veterinary Science (3)
 - Department of Soil and Water Systems (3)
 - Water Resources Graduate Program (1)
 - College of Engineering (9)
 - Department of Biological Engineering (8)
 - Department of Chemical and Materials Engineering (1)
 - College of Natural Resources (17)
 - Department of Fish and Wildlife Sciences (4)
 - Department of Forest, Rangeland, and Fire Sciences (5)
 - Department of Natural Resources and Society (7)
 - Environmental Science Program (1)
 - College of Science (14)
 - Center for Modeling Complex Interactions (1)
 - Department of Biological Sciences (6)
 - Department of Geological Sciences (3)
 - Department of Physics (3)
 - Department of Statistical Science (1)
 - Institute for Bioinformatics & Evolutionary Studies (3)

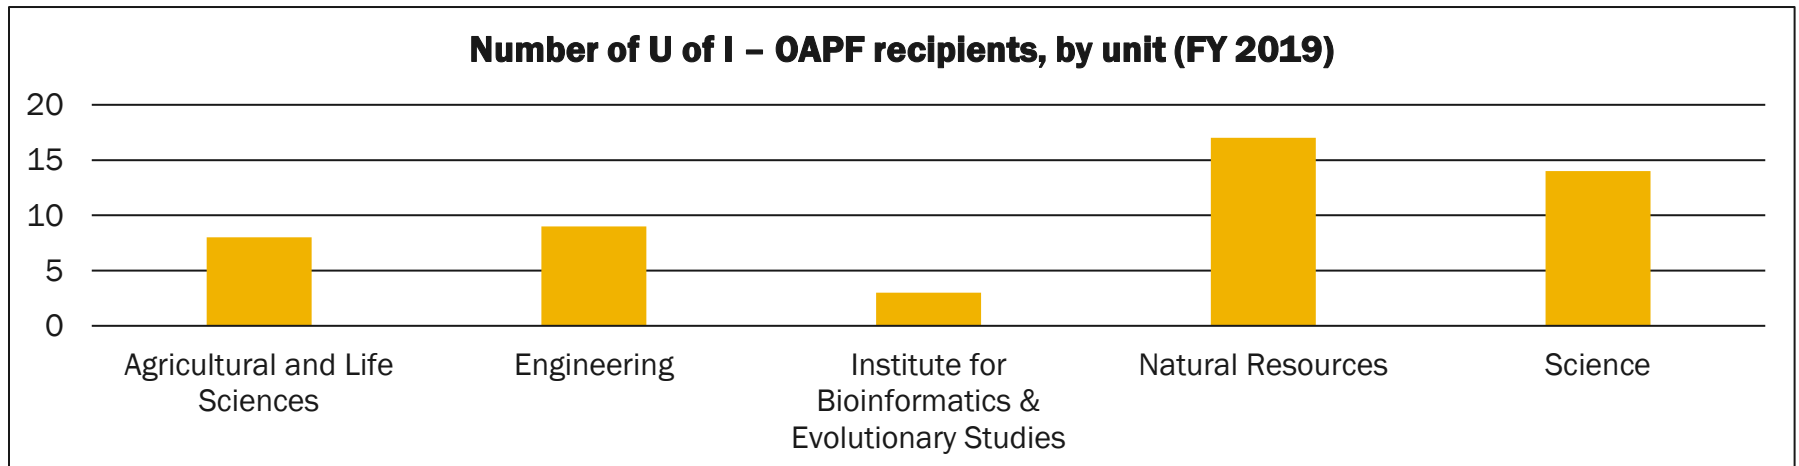

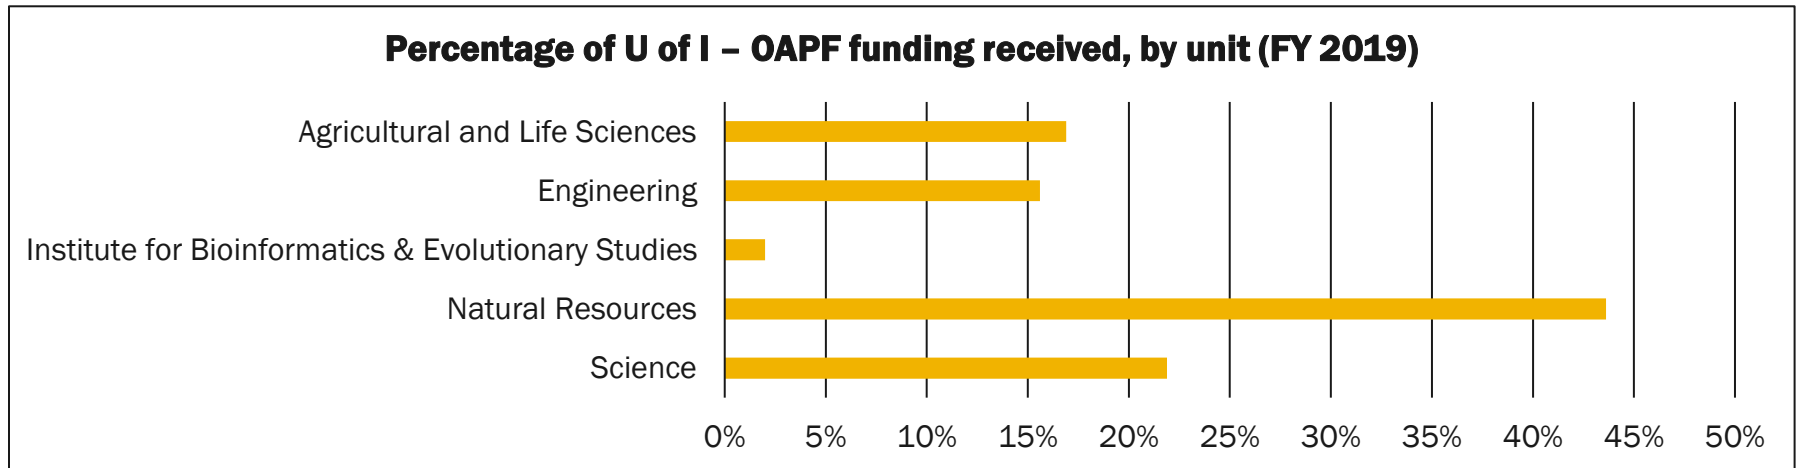

Metrics for FY 2019

Allocation

- Disbursed 100% of the allocation = \$30,000.00 (final approved application received on 2/21/2019)
- Article processing charges (APCs) requested for applications that met eligibility criteria ranged from \$300.00 to \$5,200.00
 - Average APC = \$1,589.83
- U of I – OAPF awards ranged from \$250.00 to \$2,000.00
 - Average U of I – OAPF award = \$1,304.35
 - This average is slightly low as the final approved application in FY 2019 received the remainder of the U of I – OAPF allocation
- Amount and percentage of U of I – OAPF funding, by recipient unit
 - College of Agricultural and Life Sciences
 - FY 2019 – \$5,070.02; 16.9% of the allocation
 - College of Engineering
 - FY 2019 – \$4,682.81; 15.6% of the allocation
 - College of Natural Resources
 - FY 2019 – \$13,084.99; 43.6% of the allocation
 - College of Science
 - FY 2019 – \$6,564.46; 21.9% of the allocation
 - Institute for Bioinformatics & Evolutionary Studies
 - FY 2019 – \$597.72; 2.0% of the allocation
