Research Starting Points

- Databases A-Z
- University of Idaho Library Search (articles, books, DVDs)
- [Proquest Dissertations and Theses](#)
- Google Scholar (link to The UI Library using library links!)
- Research guides: <https://libguides.uidaho.edu/>

Services

- **Off-campus Access to Online Resources:** You'll just need to enter your UI email address and password for off-campus access to e-journals, e-books and databases on the library website.
- **Interlibrary Loan (ILL):** Free service for UI affiliates to request books, articles, and other items we don't own. Click on "Services", then "Interlibrary Loan", then "First Time Users" to set up an account. Articles will be sent to you by email, usually within 1-3 days. You can use the ILL links in the "Find it" screens for easy ordering.
- **Summit:** Use this option to request books from libraries in our region (faster option than ILL).
